PILOT OFFICER FRANK A. WILLIS is shown above receiving his Pilot's Wings at a recent graduation parade at RCAF station, Gimli, Manitoba. P/O Willis is the son of Mr. and Mrs. H. Willis, 551 Ellis street. Making the presentation is Wing Commander J. L. Breven, of Number 14 Training Group, Winnipeg.

## Vees' Coach Asks Confidence In Team

Grant Warwick, guest speaker at the regular Tuesday noon luncheon of Kiwanis, softened only slightly the brass-tacks type of oratory he uses in the dressing room as he got down to cases with Kiwanians on several points pertaining to the Vees and their role in the world hockey race.

What he had to say was important. However, the thing that prompted first comment from the majority of members leaving the Gleggery Room of the Hotel Prince Charles was Grant's sure-footed delivery coupled with a sincerity so compelling that room noises faded to nothing. The Vees coach spoke openly, praised his team in the unflattering way only their mentor can, showing contempt for the flood of rumors connected with every phase of the tournament and urged one and all to throw the strength of their faith in the Vees behind the team.

Grant first emphasized, as he does at every opportunity, that the Vees are a band of hockey players that are more of the solid citizen type in that they have put their roots down in Penticton — made their homes here. In the next breath and obviously with his previous thought in mind, he scorned the idea of strengthening the team with outside players.

Referring to a pair of unidentified Winnipeg players, Grant said "we will keep them in mind" in case of injuries that would necessitate using them to fill out the roster of 16 players.

Following along the same line, Continued on Page Five

## Committee Still Probing Gas Franchise Agreement

On the basis of rates charged to residential users of natural gas in Saskatoon, Saskatchewan, it is estimated that it would cost domestic users in the Okanagan Valley about \$11 a month to heat their homes.

This first suggestion of possible cost to domestic consumers in the valley, if and when natural gas is piped in, was contained in a report prepared by the special committee of the Okanagan Valley Municipal Association, which was set up last November to study proposals to bring natural gas to the Okanagan.

The report was presented to the Penticton City Council on Monday, under the signature of Kelowna's Mayor J. J. Ladd, who is chairman of the committee.

## North Okanagan Teachers Get Pay Increase

Increase of pay ranging from \$50 to \$150 a year for teachers in school district number 22 in the North Okanagan was announced Monday in an arbitration board award.

The salary increase represents a boost of 3.16 percent and is retroactive to January 1, John Kidston, chairman of the Vernon School Board stated.

The increase will be spread over six categories and will raise the Vernon board's annual payroll by \$14,418.

School districts in the North Okanagan and Kelowna agreed to abide by the arbitration board's award.

Meanwhile, in Penticton, arbitration has not yet been undertaken and further negotiations are pending between the board and teachers. Local teachers have asked for raises amounting to about 11 percent, and Summerland teachers have agreed to abide by wage agreements reached here.

A different situation exists in Oliver where an arbitration board is sitting today.

Alderman E. A. Titchmarsh asked on Monday night that the document be released to the press, so that the general public might be aware of the problems that still must be surmounted. Some of these questions, it was indicated, will be aired at Thursday's Penticton Ratepayers' Association meeting, when Cecil H. Smith of the Inland Natural Gas Co., will be present to answer them.

Alderman H. G. Garrioch remarked after the report had been read, that there seemed to be a big spread between the 90 cents per 1,000 cubic feet and the 22 cents wholesale rate paid by U.S. gas interests, to Westcoast Transmission, the parent pipeline company. In explanation it was pointed out that this 22 cents is a "block" price, covering a fixed demand quantity, whereas the ordinary user works on a fluctuating load from the meter.

After hearing the report read, council agreed that it should lie on the table for a week, to permit individual study by council, before further discussion was held.

The report, in full, follows:

**COMMITTEE REPORT**  
Report for Special Committee of Okanagan Valley Municipal Association from Chairman J. J. Ladd.

Further information has been obtained on the subject of natural gas and franchise agreement from various sources.

On December 29, 1954, I wrote the Mayor of Saskatoon, Sask., asking him a number of questions on the operation of the new system in his city. The questions asked were as follows:

1. Are you satisfied with the present arrangements of the franchise with the gas co.?
  2. What is the price per thousand cubic feet of gas in your city?
  3. Are you still getting additional consumers?
  4. To what extent is natural gas reducing your electric utility revenue annually?
  5. Do you think we should install and operate the system ourselves?
- Briefly, the replies to these questions were as follows:
1. Yes.
  2. The rate schedule was enclosed and it appeared that for Continued on Page Eight

## Mayor Protests Jump In Building Repair Estimates

Mayor Matson objected at Monday's council meeting to an item of \$280 for costs of fixing joists in the house recently moved from Main street to Westminster avenue and Robinson streets, where it will be used as a meeting place by senior citizens.

An original item quoting \$130 "was more nearly in line" said His Worship. Works superintendent E. R. Gayer agreed to examine the matter more closely, to see if a saving might be effected. Work on the building had been suspended owing to inclement weather.

## Hospital Board, Workers To Air Views On Monday

Representatives of the Penticton Hospital Board and Hospital Employees' Federal Union, local 180, will meet on Monday with G. A. Carmichael, of Kelowna, appointed by the government as conciliation officer in the dispute over wages and other conditions of work.

The union made these requests following a meeting between the board and union officials held November 8. They asked for a wage increase of six cents an hour and longer vacation periods with pay. The board expressed "unfavorable opposition" to the requests, which was followed by appointment of Mr. Carmichael as conciliation officer.

Mr. Carmichael's findings will not necessarily be binding on either party.

In Vernon, meanwhile, an arbitration award granting pay increases totalling almost \$9,000 annually, plus additional vacations, was announced at Vernon Jubilee Hospital.

Affected were all employees except administrative staff, nurses, laboratory technicians and X-ray personnel.

The arbitration, which is binding on both parties, granted an "across the board" increase of \$10.44 monthly and cut the time for three weeks' vacation from 10 to five years' service. Two weeks' vacation after one year was unchanged and the contract is for two years.

Affected are approximately 75 employees.

## CITY'S 1954 LEGAL BILL

Penticton's legal bill for 1954, placed before City Council on Monday, is for \$3,423. Council agreed that it had made full use of the services of city solicitors, Boyle and Aikins during 1954, particularly early in the year, when a number of important items were referred to the lawyers. Despite this the 1954 account was only slightly higher than that in 1953.

## New Cabinet Post Will Be Created

VICTORIA, (BUP) — British Columbia lawmakers settle down to a tightly-scheduled legislative session today following the opening of the house Tuesday at which Lieutenant-Governor Clarence Wallace read the speech from the throne forecasting appointment of a 10th cabinet minister and division of the department of public works in separate works and highways departments.

## City Man Commands Destroyer Ordered To Atlantic Operations

VICTORIA, (BUP) — The destroyer Crusader will leave here for Halifax February 4 under command of Lt. Commander Richard H. Leir of Penticton.

The vessel will test new equipment on the Atlantic coast, and will operate out of Halifax.

## Council Seeking New Civil Defence Coordinator Here

A week ago City Council expressed the view that obtaining a civil defence coordinator for Penticton might not be too difficult. On Monday night, in a statement by Mayor C. Oscar Matson, it was revealed that finding one has not been found so easy.

The question arose when the annual levy for maintenance of the central civil defence office at Kelowna was presented. Penticton's share of this, on a per capita basis, is \$102.55. The mayor of the local unit was left in the hands of the city hall committee.

coming at next Monday's special meeting.

Alderman E. A. Titchmarsh asked Mr. Oliver, during the discussion, if he would agree to "deal" whereby the city could put Penticton avenue "where it belongs" should be, which would encroach on other lands in that area, leased by Mr. Oliver. The chemical man informed council that the land in question, leased as a gravel pit, had not "worked out as planned", and that not only would he consider this, but he might also be willing to drop the lease on that land.

## Vees' World Tournament Fund Nears \$9,000 Mark

The Penticton Vees left their great rival city of Sudbury far behind this weekend, when the "Go-Vees-Go World Tournament Fund" was increased by well over \$3,000 to swell to its present total of \$8,772.56.

On the basis of a cost of \$1.88 per mile to get the Vees to Dusseldorf, the Allan Cup champions of 1954 are now rapidly approaching the Atlantic Ocean: their next "stop" is St. John's Newfoundland, from where they take the long hop to Europe.

Next official tally — to appear in Friday's Herald — will probably find the Vees out over the Atlantic, so long as contributions keep coming in at the present hot pace.

Those who wish to rally around the slogan "Your Dollar Today Sends the Vees on Their Way" may do so at Harris' Music Shop, Dorothy's Gift Shop, radio station CKOK and the Herald. Every dollar is welcome, since the fund is still well short of its \$15,000 objective.

Complete list of latest donors appears on page five.

## Council Favors Apartment House On Lake Shore Dr.

Mayor C. Oscar Matson informed council on Monday night that while town planning is a vital item to the city, it should not be permitted to preclude development and progress of the city.

The discussion arose out of the application by C. W. Nicholl for permit to construct an apartment building on Lakeshore Drive property located a short distance west of Winnipeg street. This application was placed before council a week ago, and His Worship wanted to know why it was being delayed.

He pointed out that under the "old" town plan the area where Mr. Nicholl wishes to construct the building is properly zoned, although under the "new" town plan, not yet accepted by council, it is zoned residential; therefore council is fully within its rights in granting a permit.

"We don't want to lose that project, which will run between \$100,000 and \$200,00," the mayor said and he continued, "it is frustrating Mr. Nicholl might get impatient at the delays and invest his money in something else, if the delay is protracted. And then you'd have that piece of land covered by old stumps and brush, as it has been for far too long."

Council members agreed with His Worship that construction of an apartment on that site would be a valuable asset to the city.

But Alderman H. M. Geddes felt that the move should be made with the full co-operation and consent of the Town Planning Commission, rather than by a "special arrangement", which might leave the door open to a series of unwelcome petitions for construction along Lakeshore Drive.

Council members agreed that a plan whereby a short section of Lakeshore Drive could be zoned "multiple dwelling" and thus legalize the construction of the apartment block under both the old and the new town plans, might be the solution.

## Course In Oxygen Therapy For First Aid Attendants

A course in oxygen therapy will be held in the Penticton Fire Hall starting January 31 and continuing for four days. The course sponsored by the Workmen's Compensation Board of British Columbia is open to all industrial first aid attendants holding class "AA", "A" and "B" certificates.

All attendants in the above classification are required to obtain training in Oxygen Therapy and are urged to attend the classes. The course will be repeated at the Kelowna fire hall, starting February 14.

Registration fee is \$10.

## Ratepayers' Ass'n. To Hold Meeting On Gas Agreement

Penticton Ratepayers' Association is sponsoring an open meeting tomorrow night at which Cecil Smith of the Inland Natural Gas Co. will be guest speaker.

Mr. Smith may have late news on the company's proposal to obtain a gas franchise for communities throughout the Okanagan.

The meeting gets underway at the Hotel Prince Charles at 8 p.m.

## ASSOCIATED TRADE BOARDS MEET TONIGHT

Guest speaker at the meeting tonight of Associated Boards of Trade of the Southern Interior will be C. E. Oliver of Penticton.

As this is the annual meeting of the organization, election of officers will take place.

Mayor Oscar Matson will extend a welcome on behalf of the City of Penticton and Board of Trade President I. J. van Winkle.

Mr. van Winkle will officially open the meeting before turning the chair over to Associated Boards' President W. C. Pearson of Oliver.

The meeting is scheduled to get underway at the Hotel Prince Charles at 7 p.m.

## VEES DONATE \$1,000 TO HOCKEY FUND

A \$1,000 bolt from the blue sent the "Go-Vees-Go World tournament fund" skyrocketing almost to the \$10,000 mark this morning, when playing coach Grant Warwick of the Penticton Vees notified fund chairman Gliss Winter that the Vees had unanimously voted to turn over half the spending money allowance granted by the CAHA, roughly one hundred dollars a player, over to the Vees' overseas fund.

The Vees' coach explained that in making the decision the team wished to show appreciation of the support they are getting, of the fact that salaries are not to be cut while the Vees are overseas, and beyond that the Vees feel that this slice of their expense money will help offset to some extent the extra costs entailed in bringing the family allowances of some players, including the trainer and spare goalie, up to standard. Some of the players depend upon these allowances for their livelihood.

Grant said, and naturally some compensation had to be awarded and this \$1,000 from all the players will help.

The regular Naramata Baby Clinic will be held Tuesday, February 1, in the Naramata School. Please phone 5751 for an appointment.

## LITTLE LIPS

The woman who's tried everything under the sun to get a tan might try moonlight.

## MASTER TOWN PLAN SOON TO BE DISCUSSED

Possibility that Penticton's new "master town plan" will be before the next special meeting of Penticton City Council was suggested by Alderman H. M. Geddes at Monday's meeting.

Mr. Geddes said the town planners are getting quite near the end of their study and debate on the new measure.

View was expressed that this will be but the beginning of the debate on the proposed master plan, as it still must pass through council's hands before a bylaw is authorized. It was indicated that while both the town planners and council will "go along" with the broad recommendations, some details must be altered, this being the intention of the firm of Walker and Graham, the planning engineers who drew it up.

## Plan Manufacture Of Anhydrous Ammonia Here

Charles E. Oliver, one-time Reeve of Penticton, informed council on Monday night of his plans to embark on a new industrial venture here, the manufacture of anhydrous ammonia.

Mr. Oliver approached council with a view to getting an extension on a lease of certain property adjacent to his plant that he desires for storage.

In the course of the interview Mayor C. Oscar Matson commented that, when Mr. Oliver had pioneered in the manufacture of spray materials in this area, he had brought the price to approxi-

mately half what growers had been paying previously. It was hinted that the new venture, if it proves successful, will also be a boon to growers in the Okanagan.

**FROM NATURAL GAS**  
No details of the new development were disclosed at the meeting, but it is understood from Mr. Oliver that the new fertilizer will be a product of natural gas, which it is expected will shortly be piped into the city. The land for which the lease extension is sought is for storage purposes, Mr. Oliver said. He added that, while his present lease still has

PENTICTON ROTARIANS attending Monday's luncheon took fright a bit and rubbed their eyes vigorously when an over-size gavel appeared at the head table, wielded by their president, Wally Mutch (right above). Ernie Turk (left), who was inducted as a new member on the occasion by past president Bill Nicholson (centre), seemed properly impressed by the "big stick". The three-foot-long gavel, made of laminated pine and cedar, is travelling from club to club through Rotary District 15 to publicize the annual district conference being held at Lewiston, Ida., on March 27-29.

Humans of all ages, from the baby on formula to the aged person, need a balanced diet. Can-ada's food rules suggest the foods that will give the normal person the diet he needs.

## Pythian Sisters 1955 Officers

Mrs. E. S. Brittain officiated at impressive ceremonies last week in the KP Hall to install into office Mrs. R. C. Jones as most excellent chief of Calanthe Temple No. 26, Pythian Sisters. Assisting the installing officer were Mrs. Frank Brodie, grand manager, and Mrs. C. M. McDougall, grand senior. Officers for the current year are Mrs. Howard Close, past chief; Mrs. William Baldrey, senior chief; Miss Ethel Broccoli, junior chief; Mrs. Ernest Serlie, manager; Mrs. Harry Crook, secretary; Mrs. L. A. Chartrand, treasurer; Mrs. Bruce Chapman, protector, and Mrs. Herman Brunner, guard.

Also of particular interest during the evening was the presentation of two pins for twenty-five years' service with the lodge, to Mrs. Edith Raincock and Mrs. George Guest. The pleasing ceremony was performed by the installing officer, Mrs. Brittain.

A social hour and serving of refreshments concluded the meeting.

## Mrs. Wallace McFarlane Heads Newly Organized United Church Group

NARAMATA — Mrs. Wallace McFarlane was chosen president of a newly organized United Church Women's Federation when representatives from two former church groups, the Association and Federation, met on Tuesday in the church parlor to finalize plans for forming such an organization. Other officers will be two vice-presidents, Mrs. A. L. Day, president of the former Federation; and a representative of the former Association when she is chosen by that group; Miss Helen McDougall, secretary, and Mrs. J. D. Tiller, treasurer.

Several committee conveners were named; Mrs. J. S. Dicken, devotional; Mrs. James Gawn, manse; Mrs. Frank Luxton, visiting; Mrs. R. A. McLaren, supply, literature, relief and press, and Mrs. J. D. Reilly, youth work.

The new Women's Federation executive will meet on Monday, February 7, at the home of Mrs. McLaren to prepare a program, discuss other plans and propose names for the groups which will work with the central organization.

The next regular meeting of the Federation is scheduled for February 28 at 8 p.m. in the United Church parlors.

BETHEL NO. 16, INTERNATIONAL ORDER OF JOB'S DAUGHTERS, installed its current slate of officers at colorful ritualistic ceremonies on Wednesday evening in the Masonic Temple. Miss Shirley Myers (left) assumed the office of honored queen and Miss Madge Gordon (back right) the office of her senior princess. Miss Lorraine Cox (centre) retiring honored queen, conducted the impressive installation ceremonies.

## Job's Daughters Install Shirley Myers As Honored Queen Of Bethel Here

Miss Shirley Myers, daughter of Mr. and Mrs. J. H. Myers, was installed honored queen of Bethel No. 16, International Order of Job's Daughters, at pleasing and colorful ritualistic ceremonies on Wednesday evening in the Masonic Temple.

Others assuming office for their current term were Miss Madge Gordon, senior princess; Miss Beverly Wiseman, junior princess; Miss Jill Wiseman, guide; Miss Barbara Smith, marshal; Miss Mary-Jean McAlpine, chaplain; Miss Marjorie Kernaghan, treasurer; Miss May Hornal, recorder; Miss Gail Turner, musician; Miss Marguerite Cranna, librarian; Miss Lorraine Saunders, 5th messenger; Miss Marie McFarlane, 4th messenger; and Miss Sandra Burt, 1st messenger.

Miss Muriel Gawn will be senior custodian; Miss Donna Lindberg, junior custodian; Miss Lorraine Cox, inner guard; and Miss Martha Choukalos, outer guard.

A large number of guests were present for the impressive ceremonies which were open to the public.

Miss Lorraine Cox, retiring queen, installing officer for the occasion, was escorted into the assembly by J. A. Gawnes, associate guardian. Assistant installing officers were Mrs. Robert Mutch, guide; Mrs. C. Cumbers, marshal; and Mrs. B. Robinson, chaplain. Mrs. J. H. Myers was musician, and Mrs. E. L. Scott, recorder.

A pleasing event of the evening was the presentation of the past honored queen's pin to Miss Lorraine Cox by her father, R. B. Cox. Presentations were also made to the assistant installing officers in appreciation for help.

The Stuart Jackson Cup Merit award was given to Miss Madge Gordon as the member showing the greatest all round improvement for the past term.

A social hour was enjoyed at the close of the ceremonies with delicious refreshments provided by members of Edina Chapter, Order of the Eastern Star.

## Mrs. E. M. Lloyd Installed Head Of Trainmen's L.A.

Mrs. E. M. Lloyd was installed to serve the second consecutive term as president of the Ladies' Auxiliary to the Brotherhood of Locomotive Firemen and Engineers at impressive ceremonies held last week in the club room at the IOOF Hall. Installing officers were Mrs. Mary Meldrum, past president, and Mrs. David McAstocker.

Also installed into office were Mrs. R. C. Dagg, vice-president; Mrs. N. A. Ahlstrom, secretary;

MRS. E. M. LLOYD

Mrs. Albert Coy, collector; Mrs. H. S. Wish, treasurer; Mrs. William Osborne, warder; Mrs. David McAstocker, conductor; and Mrs. Clem P. Bird, chaplain.

The newly installed president will be delegate to grand lodge and Mrs. Dagg was chosen alternate delegate. Serving with the board of trustees will be Mrs. Mary Meldrum, Mrs. William Os-

## Money-Kinnear Rites At South Burnaby

The home of Mr. and Mrs. W. N. Kinnear, South Burnaby, was the setting on January 10 for the marriage of their daughter, Norma Kathleen, to a former resident of this city, William Ernie James Money, of Prince George. The groom is the son of Mrs. A. H. Gillett, of Penticton, and of E. C. K. Money, of Vancouver. Rev. William Selken was the officiating clergyman. The newly married couple will take up residence in Prince George.

## borne and Mrs. David McAstocker.

At the close of the evening the members enjoyed a pleasant social hour over a cup of coffee and light refreshments.

A group meeting will be held on May 19 and all members are requested to note the date and be present for the occasion.

## Presbyterian Church WMS Elects Officers

Mrs. F. G. Abbott was elected president of St. Andrew's Presbyterian Church Women's Missionary Society at the annual meeting held last Wednesday at the home of Mrs. George Thom, Victoria Drive. Mrs. Samuel McCladdery will assume the office of vice-president; Mrs. Thom, treasurer, and Mrs. J. L. Palethorpe, secretary. The latter will also be "strangers and welcome" secretary while Mrs. Thom and Miss Eva MacMichael, will be "home helpers" committee conveners.

Various annual reports submitted indicated a very prosperous 1954 for the WMS. The visiting committee made 18 calls during the months of December and January and also sent out a number of Christmas and other greeting cards.

"Face to Face with India" is the organization's study book for the current year. "Promise" is the roll call word for the next WMS meeting to be held on February 16, 3 p.m. at the home of Mrs. Palethorpe, 356 Main street.

Once, the wraparound terry robe, now it's like a kimono style robe. Great big long sleeves could hold any number of brushes, bars of soap, shampoo and what not.

**Seven Tables In Play At Cribbage Party**

SUMMERLAND — Competition was keen even if the attendance was not quite so large at the cribbage party held on Wednesday evening in the Legion Hall, one of a winter series, being sponsored by the L.A. to the Canadian Legion. Snowy weather and slippery roads accounted for just seven tables in play.

Mrs. H. Howard topped the ady players, to win first prize, and Mrs. C. Adolph was given the consolation for low score.

Harry Thornwaite was high among the men, and Dave Taylor, Sr., was low.

**By CARL HARRIS**

**What's New In The Music Business**

Of course the big news of the record industry is the recent reduction in prices of the Long Play recordings. The twelve inch LP's are down in price to \$4.80 which is very good news for record collectors, and of course the ten inch LP's are also down in price. So now is the time to get on the band wagon and purchase that record you have wanted for so long.

Something else that is quite new and which we have in stock are PLASTIC COVERS. These are transparent, durable plastic covers that slip over the record, and inside the jacket. Buy a supply of these when you are in the HARRIS MUSIC SHOP and keep your valuable records free from dust, scratches, finger marks, spilled liquids, etc. They will pay for themselves many times over.

Those of you who are interested in entering the Okanagan Valley Musical Festival, please remember that we now have the music in stock, and we note that this special service has created new interest, and we are receiving orders from all over the interior. So don't put it off 'till tomorrow, telephone 2609, then call in and pick up your music at the...

## For Victoria To Remember

The Hon. Lyle Wicks, B.C.'s minister of labor, speaking to the recent convention banquet of the Fruit and Vegetable Workers Union in this city, reported that there were more applicants for jobs at this date than there were a year ago despite the fact that employment in B.C. is at "an all time high."

This is apparently frank and forthright talk from a minister of the crown. Usually, a man holding his post in the government is making every effort to play down any such problem as that of unemployment, while blaming whatever there is on outside policies.

The Hon. Mr. Wicks was perhaps the more outspoken because he obviously does not hold Victoria accountable for the gravity of the problem to any material extent. But we would venture to point out that certain governmental policies attributable to the cabinet of which he is a member will assuredly intensify the unemployment problem as time goes on. Their weight, it could be stressed, has hardly been felt yet at all. But it will be.

Increased taxes on mining and lumbering, adopted some time ago, are justified on the well-worn political note that natural assets belong to the people — which means that the government takes an increased rake-off, and then presumably gives it back to the people. We would much prefer to see these vital industries in B.C.'s economy keeping the money represented in such taxes in treasuries that were, for the most part, hard-pressed enough, continuing in operation, and continuing to pay wages and maintain payrolls, thus reducing the problem to which Mr. Wicks draws our attention. So to sum up, we'd sooner see the people getting their money in wages than in a kind of government-inspired dole.

Mr. Wicks instanced steps taken to relieve unemployment, mentioning en-

forced reduction of overtime, increased public works, and the co-operation of industry.

We should like to find the government co-operating with industry by encouraging expansion and larger payrolls; by urging more capital expenditures for machinery, as an example, rather than discouraging it.

Yet by the new formula for municipal-school financing, two new classes of taxpayers come into being, as we have stressed before this. One makes its way through the use of machinery, and is now discriminated against to the benefit of everyone else. Businessmen as a result will be less inclined to buy and use machinery hereafter.

The entry into the machinery taxation field seems good policy, as it suggests to a majority that, all along, a segment of the economy has been "getting by", avoiding payment, and is now deservedly and at long last getting its deserts.

Quite concealed is the basic unfairness, the inequity of the arrangement, the placing of a burden on one fundamental segment of business that must be faced by no others.

If this alone summed up the story, it would be bad enough. But there is more to it than this. It is the plain fact that machines make pay-rolls, large and small, in great and in comparatively insignificant areas. And to the extent that the tax bears down, it will, in the long run, inhibit wages, or certainly add to the general public's over-all prices for goods and services.

Mr. Wicks, conscious of the unemployment problem at the present moment, should also be reminded that the problem can become much worse in the future, and he should be further reminded that some of Victoria's own policies are playing an increasing part in the making of that unemployment.

## January Sales

One phenomenon of the current month is the January sale, when merchants endeavor to get rid of surplus stocks by offering goods at bargain prices. Thrifty persons may find it a good time to do their 1955 Christmas shopping, but most will put it off as usual to mid-December.

The practice of selling goods when profit is small or non-existent must have sound business principles to back it. A merchant's business is to sell goods, at a profit if possible, not to hoard them. Rather than clutter his premises with

obsolete or stale stock, he will keep marking his prices down until a sale is made. If he incurs a loss, it will still be smaller, he knows, than if he had hung on to the goods.

If merchants instead of politicians had the handling of Canadian butter and wheat surpluses, some immediate improvement might be expected in two difficult situations. Perhaps, too, merchants would see to it that taxpayers were never again required to buy the farmer's vote for the party in power.

## The Real Ailment

High cost not unemployment is the real problem in Canada, states the Calgary Herald. "Unemployment is only a symptom of a more deep-seated ailment. That ailment is the fact that our costs of production are too high. Not only has this caused Canadian goods to be priced

out of many export markets; they cost too much for many Canadians also. If production costs can be brought down, prices can be brought down, too; and not only could we then hope to get some of our export markets back, but domestic buying would go up too."

## Think Back

The motorist who can't keep his mind on his driving, argues the Saint John Telegraph-Journal, "is as great a menace as the speeder, the drunk, the slowpoke, the impatient passer, the driver with impaired vision, the driver who can't coordinate his brain and hands and feet,

and the driver who has just never learned how to operate a car properly. Think back on the narrow escapes you have had this year. Many of them — perhaps most — were the result of a motorist not paying attention to where he was heading."

## OUT OUR WAY

By J. R. Williams

## NEWS FROM Victoria

By J. K. Nesbitt

VICTORIA — The session of the Legislature is now well under way. Another formal opening is now relegated to the history books, and the speech-making has started.

The opening ceremonies Tuesday were as usual, fuss and feathers, pomp and fashion, clinking of medals, all politeness, no political bickering. That will come shortly.

It was the last time Lieut-governor Clarence Wallace opened a session, for he retires from his high office next autumn. It seems quite impossible that he and Mrs. Wallace have been at Government House nearly five years.

His Honor drove up to the Legislative Building in a gleaming Government House limousine, with motorcycle police escort, sirens screaming, leading the way. While a band played, His Honor, in uniform of light-fitting, gold-bruited trappings, jacket heavily encrusted in gold, and cocked hat, with waving feathers in it, inspected a guard of honor.

As crowds rubber-necked, His Honor mounted the steep stone steps to be received by Premier Bennett, immaculate and smiling in cut-away coat, and Mr. Speaker Thomas Irwin, in his black robes and tricorn hat.

The legislative chamber, as always on such glittering occasions, was packed to within an inch of its life, and there wasn't an inch to spare in the public galleries. You'd think an opening of the legislature in this capital would be such old stuff that the crowds would no longer turn out. But not at all; an official opening somehow never loses its glamor. It's Victoria's most cherished tradition. Of all the places in this wide province of ours, it's only Victoria that can put on this show — and Victoria dearly loves to be unique.

There wasn't much business done on opening day. But the wheels were set in motion, and they will creak and grind, and sometimes purr smoothly, and often get completely bogged down in the next six weeks or so.

One mystery was cleared up on opening day. A. S. Matthews of Vancouver Centre was again elected deputy speaker. The first deputy under Social Credit was Mr. Shantz of North Okanagan. Last session, however, he didn't get the job. Mr. Matthews got it. Oppositionists said, huh, Mr. Shantz had been fired by the Premier. The Premier said Mr. Shantz had not been fired; it was only that all S.C.'ers, said the Premier, should get a chance at the deputy speakership (an extra \$500 a year) in order to gain some legislative experience.

But now Mr. Matthews is back as deputy speaker. It would look, indeed, that for some reasons known only to himself, the Premier did in very truth, fire Mr. Shantz out of the deputy speaker's chair.

After the opening on Tuesday, the crowds walked down the curving driveway, across the street, and into the Empress Hotel to be greeted in the Crystal Ballroom by a long line — the Premier and his wife, cabinet ministers and their wives. It was a Government reception — which means the taxpayers foot the bill, but no liquor was served, so it wasn't too costly an affair.

It was indeed, a busy day for high society. After the reception, the province's most noted citizens donned white ties and tails, or uniforms, and went to Government House for a State Dinner. His Honor, the host, had changed into his indoor Court dress — white satin knee breeches, black patent-leather pumps with silver buckles, midnight blue jacket heavy with gold.

At 10 o'clock nearly 500 distinguished citizens showed up for the State Ball, the year's most elite social function in this capital, the ball to which everyone who thinks he's anyone seeks to be invited, but there's only room for 500 in the ballroom, and so there are many disappointed ones.

Despite efforts being made to hurry the session, it's a safe bet there'll be no hurrying, and it will be mid-March, anyway, before your MLA's pack their bags and go home to tell you, who elected them, all that happened in the session.

## From the Files

### 10 YEARS AGO THIS WEEK

Need for an advanced standard of inspection was voiced by A. K. Loyd, general manager of B.C. Tree Fruits at the annual BCFGA convention in Kelowna. Civic employees asked for a wage increase. Nell McKerracher was named head of the curling club which proposed erection of a rink here.

### 20 YEARS AGO THIS WEEK

Oscar Matson was elected pres-

ident of Penticton Liberal Association. Most traffic through-out British Columbia was at a standstill as a result of a thaw which set in after a heavy snowfall. Thermometer reading dropped to 12 below in Penticton. A notice in the Herald read "all men on relief work apply at Front street sheds at 7:45 a.m. tomorrow."

30 YEARS AGO THIS WEEK First annual meeting of the shareholders of the Beaverdell Mines was held in Penticton and H. B. Morley was elected managing director. Penticton Basketball League was reorganized. Reports from Vancouver said the Granby Company was planning to build a smelter at Oroville, Washington.

40 YEARS AGO THIS WEEK An announcement from Vancouver stated that Kettle Valley trains would be running by the end of May. Two acres on Main street, adjacent to the Indian Reserve, were set aside as the site for a hospital. The Herald showed a map of Italy, detailing spots where a devastating earthquake took at least 30,000 lives. Joseph McDonald was chosen as chairman of the school board. The B.C. Department of Agriculture was holding courses in agriculture and horticulture at Kelowna.

TIMBER RESOURCES: George S. Allen, Dean of the Faculty of Forestry states: "I have been asked many times whether or not it is true that we will be all out of timber in another 20 or 30 years." "And why shouldn't such a question be asked when we read: 'I have watched this Province for 50 years or more being denuded with next to nothing being done in reforestation' — a statement made by a distinguished and respected gentleman." "To the best of our knowledge we have today 42 million acres of virgin timber, much of it overmature and stagnant, and another 38 million acres of younger timber of various ages."

Commonwealth defence planning and strategy will be under examination in the light of atomic developments and new alliances when the Commonwealth prime ministers conference opens at London at the end of January.

Britain's new defence ministry, Harold MacMillan, and British military chiefs will outline the way they think the future strategy should be shaped to meet the fast-moving developments of the atomic age.

This strategy review will be outside the main conference sessions and not all of the prime ministers are expected to attend the talks. India's Premier Nehru for instance has not participated in such talks at previous meetings.

Full sessions of the commonwealth meetings presided over by Prime Minister Churchill will be devoted mainly to international affairs and a review of the prospects for peaceful east-west co-existence. Other topics to be discussed at the full sessions are the economic, financial and trading problems of the sterling area, to which all the Commonwealth countries except Canada belong.

CHINESE HOSTILITIES A United States Navy carrier task force is reported to have headed for the troubled Formosan waters which swirled last week with air and sea action in Red China's biggest amphibious invasion offensive of the long civil war.

Nationalist planes from Formosa struck back at Yikiangshan island, which the Communists invaded and won after bloody fighting against Nationalist guerrillas. Yikiangshan is eight miles north of the Nationalist Tachen islands, which in turn are 200 miles north of Formosa, and only 12 miles from the Communist mainland.

The reported move of U.S. aircraft carriers from Manila in the Philippines emphasized Washington reports that the U.S. might aid in moving Nationalist troops off islands threatened by Red invaders.

FRENCH FLOODS After days of struggle, Paris

was alarmed at the weekend as the flooding Seine river swirled over more suburbs and inundated basements on both banks in the city itself. In St. Maur, an eastern suburb, 1,000 people were evacuated after a dike collapsed. At Choisy le Roi, southeast of the French capital, 2,000 inhabitants fled from their homes.

Water entered the basements of historic buildings in Paris. The famed Louvre palace, with its priceless works of art, standing only about 25 yards from the river edge, was threatened. The famous paintings and sculptures were moved to upper floors while workmen bricked up basement doors and windows.

PRISON DRAMA After holding out for 80 hours, four desperate hostage-holding convicts surrendered their stronghold inside the Massachusetts state prison at Boston in exchange for "some glimmer of hope".

The rebels yielded five guards and six fellow convicts they had been holding as hostages, to a seven-man civilian negotiating committee.

Spokesman for the committee, Erwin D. Canham, editor of the Christian Science Monitor, said the civic group made no bargains with the convicts but had promised to try "to get something" so the convicts would have "some hope for the future".

The convicts listed their grievances for the committee, concerning the medieval facilities of the 150-year-old prison which is due to be abandoned later this year for a new prison. Editor Canham said the convicts "complained of their utter frustration, but most of all the horrors of protracted solitary confinement. 'You rot,' they said."

CANADIAN POLAR SERVICE A Canadian Trans-Polar air service to Europe has been approved by the federal government. Canadian Pacific Airlines, now flying the Pacific, expects to start flying the 4,825-mile Polar service between Vancouver and Amsterdam next May.

The Canadian Pacific Railway's aviation subsidiary will be the first Canadian company to operate over the shorter Polar route between Canada's west coast and the European continent.

At the start the airline will schedule one flight weekly in each direction. Eastbound flights will leave Vancouver every Friday, arriving at Amsterdam 18½ hours later after a refuelling stop at Churchill, Man. Westbound flights against the prevailing

winds will leave the Netherlands on Saturday evening, arriving at Vancouver Sunday morning after a refuelling stop in Greenland.

The only trans-continental commercial service cutting inside the Arctic Circle now is one opened recently by Scandinavian Airlines between Los Angeles and Copenhagen, which touches Canada for a refuelling stop at Winnipeg.

N.S. Coal Mines The Nova Scotia coal mining industry has hit a new snag in its battle for survival. Three mines are closed and 2,200 miners are idle.

Union leaders of United Mine Workers (CCL) District 26 have blamed the slump on the inroads of oil, and on the federal government. In speeches before union locals they have criticized federal authorities for not introducing a national fuel policy to provide markets for their coal.

The first 2,000 were laid off last week when production stopped at Dominion Steel and Coal Corporation's Caledonia and No. 20 collieries, Cape Breton's largest. Doco said most of its mines will work shorter hours until the St. Lawrence coal-shipping season opens in April. Later the independent Franklin colliery, employing about 200, announced it would close for an indefinite period.

Some forms of mental illness are so mild that they can be cured in a short time at a mental health clinic or in a general hospital. Early diagnosis and treatment is important.

## Vees' Coach

(Continued from Page One)

The Vees' mentor showed annoyance over what he termed "a lot of daily newspapers and radio stations trying to get in on the act" with misleading stories and broadcasts. He said that some centres are trying to force the Vees to strengthen from their local ranks to gain prestige for themselves. "You're getting the straight facts right here at home," Grant declared.

The famous Warwick made no bones about the point that while the Vees were out to win every game they engage in, "occasionally the boys took it a little easy" in view of the nearness of overseas departure and in the light of the teams' husky league lead. "The players know that an injury now could keep them out of the world tournament," he said.

With almost every word Grant Warwick seemed to be, and in fact was, assuring that, regardless of rumors about rules, conditions of play and all the rest of it, his Vees were best equipped to go after the world crown. The club, he declared, is going into the tournament with the belief that every game will be a tough victory. "We'll take every game and play it period by period just as they come along."

Grant touched on the training also and promised the players would be in top condition when the day of departure came. But more than anything else he emphasized the fact that every player will be in the fight "body and soul" to bring more honor to Penticton. To match that he asked the fans at home to have an equally strong faith in the hockey executive and the team itself. Grant concluded with the conviction that, win or lose, the Vees and other valley teams will be back "in one big happy family" successfully fighting the battles of the Okanagan league next season.

Annual growers' chautauqua will be held in Naramata and Penticton on February 2.

## Funeral Rites Held Today For S. L. MacDonald

Former hardware merchant at Jasper, Alberta, and well known in Penticton where he was employed for 18 years by Bennett's Hardware, Stanley MacDonald, passed away at Vernon on Monday, age 76 years.

Born in Nova Scotia he joined the Masonic Lodge in 1921, was a member of Jasper, Alberta, Lodge number 14, G.R.A. and A.M., and was Affiliated Past Master of Orion Lodge, number 51, A.F. and A.M.

He is survived by two sons and two daughters, Stanley of Modesto, California, Bruce of Calgary, Mrs. E. B. Johnston, West Bench, Penticton, Mrs. D. W. McGowan of Windsor, one brother, George of Los Angeles, three sisters, Miss W. MacDonald of Los Angeles, Miss Janie MacDonald of Portland, Miss Hannah MacDonald of Vancouver.

Funeral services were held this afternoon from Penticton Funeral Chapel with Reverend Ernest Rands and Orion Lodge number 51, A.F. and A.M. officiating. Committal in the family plot, Lakeview Cemetery.

Penticton Funeral Chapel in charge of arrangements.

## Semenick Arrested On Narcotics Charge

VANCOUVER, (BUP) — William (Silent Bill) Semenick, object of an attempted gangland assassination last fall, was arrested last night on a charge of trafficking in narcotics.

Semenick complained of a heart ailment shortly after his arrest and he was taken to a hospital.

The attempt on Semenick's life was believed part of an underworld war between rival narcotics gangs. He refused to identify the two men who attempted to murder him, and was charged with obstructing justice. He is awaiting high court trial on this charge.

## Fire At Cement Works Causes \$750 Damage

A fire at the Osoyoos Cement Works on Rosetown Avenue this morning caused around \$750 damage when a storage warehouse caught fire owing to an overheated stove pipe. The blaze is believed to have started soon after a group of workers left the warehouse at 8 a.m., after having stoked up a good fire in the warehouse stove.

The alarm was turned in at 9:57 a.m. It took firemen 30 minutes to quell the blaze.

When packing the daily lunch box, wrap like sandwiches together to prevent mingling of flavors. Lettuce and other fresh vegetables should not be included in the sandwiches, but wrapped separately to ensure crispness and freshness.

Natural gas is usually found in underground valleys of stone,

Penticton Vees have only four home games left before taking off for Europe. On Friday they meet the Kamloops Elks here, then there'll be only three games to go.

A rough textured face cloth will get color and circulation into a skin that tends to be washed out looking.

## ATTENTION ORCHARDISTS!

**Big Capacity, Fine Performance, Attractive Price**

The new Hardie Air Prince Senior is especially designed to deliver the big capacity and high pressure you always wanted in a dependable sprayer of moderate price. Handles dilute, concentrate and semi-concentrate sprays. Delivers air up to 140 MPH, 28" axial flow fan mounted directly on shaft of 31 HP engine.

Hardie high pressure pump delivers 26 GPM at 400 PSI. 300 gallon steel tank. Hose connection for hand gun spraying.

The Hardie Air Prince gives the average grower an attractively-priced sprayer of ample capacity with the same performance features as the larger models. Equipment includes 28" axial flow fan, 31 HP engine, Hardie pump delivering 14 GPM at 400 PSI, and 200 gallon steel tank.

Convert today with Hardie Bio-Spray. Bio-Spray is the most advanced blower and engine unit. Comes complete, ready to mount on your high pressure sprayer and start working. Axial flow fan, structural steel base and frame, ample engine power, built-in deflectors for pattern control. Two sizes, Model 30 with 31 HP engine and Model 24 with 15 HP engine.

We have on hand several reconditioned units at very attractive prices.

Specialty Written for The Herald  
By **DON PEACOCK**  
Canadian Press Staff Writer

**OTTAWA (CP)**—The throne speech debate in the House of Commons was interrupted to permit a debate on ratification of the Paris agreements for controlled rearmament of Germany, and the vote on this had to be set over to this week after the debate showed considerable soul-searching.

The agreements, which must be ratified by all 14 NATO countries and West Germany too, set a 500,000-man limit on the size of the German army and ban manufacture in Germany of atomic, bacteriological and chemical weapons.

In a 90-minute speech, External Affairs Minister Pearson said ratification should not be deferred because of Russian threats of retaliation on premises of a conference on German reunification.

His views were supported by John Diefenbaker, Progressive Conservative spokesman on foreign affairs; CCF leader Coldwell and Social Credit leader Low.

**WAR-TIME MEMORIES**  
But it remained for a Jewish member to give point to the debate. Leon Crestohl, Liberal member for Montreal Carleton, said more than 60 of his relatives had been tortured and slaughtered by the Nazis.

Dislike of all that Germany has meant to his people was over-ridden by fear of the present evil of Communism. He declared:

"I will vote for the resolution, but not without an ache in my heart."

Health Minister Martin said West German rearmament and United Nations attempt at world disarmament are both part of a single policy of working for peace. The recent success of the UN in reviving disarmament talks, he said, was achieved because the west had become strong. The Paris agreements would guarantee that strength.

Mr. Martin was replying to Joseph W. Noseworthy (CCF, York South), one of four CCF members who indicated during the debate that they would vote against ratification. The other three are Stanley Knowles, Winnipeg North Centre; R. W. Knight, Saskatoon; and H. W. Herdridge, Kootenay West. Another CCF member, Allister Stewart, Winnipeg North, said he would abstain from voting.

Mr. Noseworthy said that in the last three years the West had made more progress at negotiating with Russia than it had in the 15 percent provin-

**ONE OF THE TOP SQUARE DANCE CALLERS** and teachers in the Pacific Northwest, Les Boyer has been instrumental in the phenomenal growth in popularity of the dance here. Mr. Boyer was MC of last year's Peach Festival square dance jamboree.

any time since the Second World War and asked: "Why the hurry now to rearm the Germans?" Mr. Martin during his speech mentioned that the Labor-Progressive (Communist) party had issued detailed instructions to party members in Canada on how to organize a campaign against ratification of the Paris agreements.

Mr. Pearson spoke of the added strength which 12 German divisions will give the west's European defence. But most of his emphasis was the plea that the Paris agreements will help foster democracy in West Germany and bind the Atlantic Alliance closer together.

**QUEBEC TAX CHANGE**  
Prime Minister St. Laurent made a major domestic policy announcement in the Commons last week — the government's bid to end the long standing tax dispute with Quebec.

Federal income taxes for Quebec's 750,000 taxpayers will be cut 10 percent in 1955 and 1956. A similar cut will be made available — through allowing deductions from federal tax payments — for some 350,000 Quebecers not paying the 15 percent provin-

cial income tax for 1954. The reduction in the next two years would apply to all federal taxpayers in the province. And since the provincial tax, with high exemptions, is levied on fewer people than the federal tax, some Quebecers in the lower income brackets will pay less taxes than their fellows in other provinces.

Quebec is the only province which levies its own income tax by virtue of the fact she is the only one which has not signed a federal-provincial tax rental agreement. The nine provinces with tax agreements were offered a tax cut the same as in Quebec if they want to give up their tax agreements and start levying their own direct taxes. But none showed any immediate desire to do so.

Quebec's Premier Duplessis had demanded that the entire provincial tax, set at about 14 percent of federal rates, be deductible from federal levies. The federal law permitted a deduction of only five percent of the federal levy for payments of provincial income taxes.

## Popularity Of Square Dancing Fast Increasing In The District

There have been many mass cultural activities in the past but none appear to have captured the population so completely as the present interest in square and folk dancing. In trying to analyze the reason for the upsurge in this popular form of recreation you cannot help but feel that one of the main reasons is the active participation by a large group of people, of various backgrounds, environment and age of groups.

Recreation that is inexpensive, does not make great demands on physical stamina and is carried on in an atmosphere of easy formality. In other words square and folk dancing is a form of common denominator where all participants are on an equal footing and the main purpose appears to be to have fun and see the next person does the same.

In Penticton this form of dancing started about four years ago and the dancers met in the Anglican Parish Hall. Since that time more and more people have become interested with the result that at the present time there are two classes being conducted in Penticton — one class for the beginners and another for the more advanced group. It is hoped that there will be a sufficient number of additional beginners signify their intention to join the group so that still another class may be organized. It takes about 50 participants to form a class, but up to 150 students may be accommodated.

In Oliver the group has been dancing much longer than we have been here in Penticton and there have been various groups in Princeton, Keremeos, Vernon and other points in the Okanagan for some time. More recently, the people in Summerland have discovered that there is a lot of enjoyment in square dancing, and last September they organized a class of 130 students. Another class of over 100 is being organized at the present time. The people in Kelowna are also arranging for a class with their first lesson scheduled given January 11.

In Kamloops there is a class of over 200 dancers, and in almost every village, town and city in the province you will find people who are either taking lessons now or are on the verge of doing so.

A great deal of credit for the interest in square dancing in the Okanagan Valley must go to Les Boyer and his wife Ruth who drive up from Okanagan, Washington several times a week to conduct the classes. Les is just a bundle of energy who appears to have one goal in mind and that is to spread the square dance gospel to as many people as possible. Les was in charge of the dancing phase of the Peach Festival activities last fall, and is the teacher and caller here in Penticton, Summerland and Kelowna. Al Berry, of Vancouver, is the teacher and caller in Keremeos and Princeton. Johnny Henderson, teaches the Kamloops dancers, and Bill French is in charge of the Oliver group.

What is the reason for all the interest in square dancing at the present time? There is no doubt that the dance jamboree at the last Peach Festival is directly responsible and this is borne out by the fact that of the six hundred dancers taking part in the actual dancing there were comparatively few local people on the floor. The reason for that is quite simple. There were not very many Penticton dancers who felt ready to take part in the festival but they were in the stands as spectators, and since the dancers appeared to be having such an enjoyable time, this spirit of fun and hilarity was infectious, and the spectators caught a glimpse of how very enjoyable the Peach Festival would be for them. If they also took part, this is not guesswork but actual statements from a lot of the spectators — a common phrase being, "you were having such a good time on the floor, and by gosh I will be ready for the next festival, so I too can take part in the fun."

Another very important reason is that people now have more time on their hands and many have the urge to travel. Traveling is quite pointless unless you have a definite objective in mind. Square dancers have found that regardless of where they go they can go to a dance and take full part without feeling out of place and without having to take their party with them. This is so vastly different than going to any other type of dance.

Square dancers everywhere go out of their way to make visitors feel at home and have fun. To test this, go to Summerland, Keremeos, Oliver, Princeton, or any other place close to home — you will come away with the feeling that you certainly had a wonderful time.

Visitors to Penticton tell us the same story, and we feel flattered. The cost is small when compared with other types of entertainment. The usual fee is 50 cents each (unless, of course, there is some special clothing occasion). You may dress in any way you see fit, no-one dictates the type to wear, except that women should wear low-heeled shoes. After the last Peach Festival we received many letters from visitors all saying that they had a wonderful time and hope to come again.

The type of square dancing now being taught is standardized so that regardless of where a person may travel on this continent you can go right into the dance. The round dances are graceful to do and watch, with new dances being introduced from time to time so that interest is kept high.

At the last Peach Festival there were over 600 dancers on the floor, most of them visitors. There is no reason why this figure cannot be swelled to 2500 dancers, most of whom could be people from the neighboring cities. Last fall it was demonstrated that square dancing can become one of the features of the Festival where a large group can participate. And a person can have a much more enjoyable time doing a thing, even though it may not be done too expertly, than being a mere spectator watching an expert perform.

To those who would like to prepare themselves for the next Peach Festival Square Dance Jamboree, we say enroll now and you will be ready. Join the Peach City Promenaders and make it a strong club and enjoy all the privileges offered.

### Officers Installed By Ladies' Auxiliary To Summerland Legion

**SUMMERLAND** — Mrs. A. McCargar, zone president, installed the officers of the Ladies' Auxiliary to the Canadian Legion in a pleasant ceremony at the January meeting.

Mrs. J. L. Brown is president, Mrs. H. Shannon and Mrs. Harold Cartwright, vice-presidents; Mrs. T. Fisher, secretary; and Mrs. James Mitchell, treasurer; executive members are Mrs. D. Strachan, Mrs. G. E. Logie, and Mrs. V. Barnes. Mrs. William McCutcheon will be standard bearer and Mrs. Gordon McDougald, sergeant-at-arms.

At the same meeting, Mrs. Annie Johnson, retiring head, received her past president's pin in a presentation made by last year's past president, Mrs. F. Young.

To conclude the evening a delicious supper was served by the outgoing executive.

### TAX LIQUOR OUTLETS

By a bylaw given first reading on Monday, the trades license on all liquor-saving outlets in the city will be on a basis of \$25 every six months.

First aid is a branch of knowledge that may be of use in home, factory or on the highway. Knowing what to do in case of injury, sudden illness or poisoning may save a life. It is one of the subjects taught in civil defence training and also by the St. John Ambulance and Red Cross.

### Postmark Date Is Officially Mailing Date

Mayor C. Oscar Matson informed council on Monday that he had received word from Postmaster G. B. Latimer about the alleged "delay" in remittances in payment of city accounts reaching the City Hall. Mr. Latimer had told him, the mayor said, that in some instances this delay had cost people a considerable sum in penalty payments.

Treasurer H. W. Cooper said, in reply to this, that the postmark date on the envelope is taken as the "mailing date", and that, in cases where doubt or objection is expressed, the person mailing it is permitted to take the envelope to the post office. If the postmaster will acknowledge the delay, and initial the envelope accordingly, giving him clearance with his auditors the treasurer stated he would be satisfied.

Mr. Cooper said he is willing to accept this as "proof of mailing before the due date." Council agreed that this is a good practice. His Worship indicating he will take this up further with the postmaster.

## Throne Speech Outlines Important Legislation

Division of the existing provincial department of public works into two departments, department of works and department of highways, with subsequent appointment of a new cabinet minister, the tenth, to handle the new department, were forecast in the speech from the throne presented yesterday at the opening of the provincial legislature in Victoria.

Excerpts from the speech from the throne which marked the opening of the third session of the twenty-fourth parliament of British Columbia follows:

The financial position of the province has never been better, with great benefit to British Columbia as a field for profitable employment of capital and labor. Confidence in the present economic stability of British Columbia has encouraged new industries and expansion of existing industries.

It is pleasing to note the great and increasing development in central and northern portions of British Columbia. I am sure that a continuance of this prosperity will be materially aided by your efforts in your enactment of wise legislation.

My government is prepared to co-operate in any federal measures which are deemed to be of mutual benefit, but regret no proposals have been forthcoming as a result of the brief presented December 14, 1953, by my government to the Government of Canada on "federal-provincial co-operation in economic development."

I am pleased to be able to inform you that my government has been able to effect a large reduction in net debt while still able to show an increase in expenditure for public works and other services.

In carrying out my government's undertaking at the last session, a Royal Commission has been appointed to inquire into certain matters affecting the disposition of lands formerly the property of members of the Doukhobour community of this province.

A Royal Commission has been appointed to inquire into matters affecting our forest resources so that they may be perpetuated and our assets conserved.

An inquiry is being held under the authority of a Royal Commission to look into the matter of the distribution of milk.

"The Disabled Persons Act" passed by the Government of Canada has now been proclaimed, and the legislation which you approved at the last session enabling my government to take advantage of this act to assist those who are totally and permanently unable to care for themselves will come into force on April 1. My proclamation to that effect has already been issued.

Einar M. Gunderson, former minister of finance, is to be congratulated on the favorable impression made by him on the press and public of the Motherland, and in the countries of Western Europe where he visited as a special trade representative to encourage trade between Europe and this province.

During the past year, for the first time in its history, the Pacific Great Eastern Railway has shown an operating profit.

The purpose of the legislation which you passed at the last session permitting the southern and northern extensions of the Pacific Great Eastern railway has been already substantially effected.

Measures will be submitted to you to enable the completion of the northern extension, which will run through districts richly endowed with timber, minerals, and with agricultural and pastoral lands, the development of which has heretofore been retarded for lack of railway communication.

Provision will be made to meet the province's immediate needs in connection with highway facilities in such a manner as to encourage development of our natural resources, agricultural and tourist travel.

I am pleased that my government has negotiated successfully with private industry to help build the long-awaited west coast roads on Vancouver Island.

It is pleasing to note that under the Crown Corporation for toll highways and bridges, which you set up at the second session of the legislature in 1953, the Agassiz-Rosedale bridge is already under construction, and tenders have been called for the Oak Street system replacing the Marpole Bridge, and plans for other bridges are progressing favorably.

A request will be placed before you to make additional money available for further construction. Because of increasing public works, highways, and buildings, and the development taking place in all parts of the province, it is deemed advisable to divide the department of public works into two departments — one will be known as the department of highways and the other department of works — and to this end you will be asked to approve an amendment to the "Constitution Act".

It is confidently expected that the proposed arrangement will be found more effective in expediting service in connection with the planning and building of highways and servicing of public buildings.

My government's program of penal reform is being carried out, with much improvement of conditions at the Oakalla Prison Farm; moreover, the additional facilities planned at Prince George will be completed during the next few months, and the project at Haney is being carried out. Additional facilities are planned for female prisoners. The new Boys' Industrial School at Brannan Lake was opened this month, and plans for a new Girls' Industrial School will be laid before you.

Following a request by my government to the University of British Columbia for recommendations outlining a capital building program to be carried out during the next 10 years, a submission has been made by the president for a building program amounting to \$10,000,000. The president's recommendations have been accepted, and my government will make provision for the implementation of this 10-year building program, commencing next year.

You will also be asked to make available money for a survey for a dental faculty at the university.

It is pleasing to note that my government in thus supporting the university has recognized its significant contribution to the academic and technical needs of the province, and, moreover, that it has seen fit to declare the week of February 28 to March 5 as University Week.

Education finance has been under exhaustive review during the past year, and measures will be laid before you to provide an equitable distribution of these costs.

My government plans to implement an experimental program for the treatment of narcotic addicts.

Provision will be asked for money, to be made available to enable the British Columbia Power Commission to extend its program of rural electrification and power development.

To improve conditions for the members of the civil service and persons employed by my government, a proposal will be laid before you for the creation of a medical service.

Measures will be submitted to you in aid of improved arrangements for municipalities. You will be asked to consider

legislation affecting the administration of co-operative enterprises.

For some time the problems of apprenticeship have been under study, with a view to encouraging larger numbers of our youth and unskilled workers to attain greater skill and higher qualifications. A number of steps have already been taken in this direction, and it is now proposed to submit legislation dealing further with this subject.

You will again be asked to set up a committee to study the possibility of a redistribution of seats for this legislature.

The estimates for the ensuing fiscal year that will be submitted to you have been framed with due consideration for economy while recognizing the necessity that exists for the development of this great province and for efficiency in every branch of the administration.

### JACOBY ON BRIDGE

### Think Play-Out— Then Give Answer

What do you think of East's double of four hearts in today's hand? Put yourself in East's place, and imagine that you are playing in a national tournament. South is a pretty good player, neither the best nor the worst in the country. Should you double four hearts or should you pass?

There's no question in my mind: you should pass. The hand obviously belongs to the opponents since they have bid strongly and your side has never entered the auction. If four hearts is a bad contract, East-West will have an automatic good score; for then few other North-South pairs will reach the bad contract.

If four hearts is a good contract, it is pointless to double it. And if four hearts is one of those in-between contracts, the double may steer South into the winning line of play.

At most tables West opened the

device of clubs, whether or not East doubled. When there was no double to guide him, declarer invariably finessed the club at the first trick. East won the first trick with the king of clubs and returned the suit for West to ruff.

That, of course, was the end for poor South. He lost the first two tricks and was sure to lose the ace of spades and at least one trump later on.

The situation was quite different when East doubled. South was careful to go up with the ace of clubs at the first trick. It was then just a matter of limiting the loss to one club, one spade, and one trump.

At the second trick South led a low trump from dummy. East played low, and South won a finesse with the jack. South got back to dummy with the ace of diamonds and led another trump. When East put up the queen, declarer played low.

Now what was East to do? East might take the king of clubs and return the ten of clubs to dummy's queen, but declarer could then take another trump finesse, draw the last trump, and then knock out the ace of spades. East could make only three tricks, and declarer was bound to make his doubled contract.

### Gas

(Continued from Page One)

domestic use the cost was about 90 cents per MCF per month for the ordinary 5 to 6 room dwelling. Guessing at the heating requirements in the Okanagan Valley being approximately 12 mcf per month, this would make a cost of about \$11 per month.

3. In 1953, the first full year of operation, they had 3,672 customers. At the end of 1954 they had 7,582 customers, an increase of over 100 percent in that year.

4. The percentage tax revenue for the gas utility very largely offset any reduction in electric utility revenue.

5. In Saskatchewan all natural gas is distributed by the Provincial Government through the Saskatchewan Power Corporation and under Saskatchewan law the profits from a utility cannot exceed 5 percent and as the Provincial Government offered to finance, install and operate the system and allow the city of Saskatoon five percent of the gross revenue it did not seem reasonable for them to finance and operate the system themselves.

#### B.C. PUBLIC UTILITIES COMMISSION

In order to throw more light on a franchise agreement between a utility company and a municipality we wrote the Public Utilities Commission for further information. In reply the secretary outlined the functions of the commission, enclosed a copy of the franchise agreement between Pouce Coupe and Northland Utilities and further suggested steps which we should take when making an agreement with a company to supply natural gas to municipalities. Apparently the commission does not approve the original rate agreement but it is only when changes are proposed that their approval is mandatory, however, a draft franchise agreement should be submitted to them for their tentative approval before going before the ratepayers.

Any company wishing to supply natural gas to a municipality must secure a "Certificate of Public Convenience and Necessity" before it exists legally in the eyes of the commission; up to January 4, 1955, Inland Natural Gas Distributors Ltd. has not asked for a certificate and their application for the above certificate should include a proposed rate schedule. Three franchise agreements have been approved by the commission, namely: Dawson Creek, Fort St. John and Pouce Coupe.

During 1954 a new act was passed by the provincial government called the "Gas Act". This Act is also called "Bill No. 15, 1954"; under this Act the Department of Public Works is in control of installation of gas pipes and appliances in consumers' homes, etc., therefore they must be consulted on a franchise agreement and anything provided for in the Gas Act need not be included in the franchise.

I am informed that the American company which secured a permit to service the cities of Seattle and Portland have now made arrangements to buy 250 million cubic feet of gas daily from Westcoast Transmission Company Limited and will pay 22 cents per mcf for this gas at the border point of Sumas, Wash. The American company referred to above will start building their pipe line next month at Ignacio, Colo., and Westcoast hope to start their line from the Fort St. John area September 15 next.

Now that a definite price has been stated for Westcoast gas at the border we see no reason why "Inland" should not be able to give us a proposed rate structure; accordingly I have written Inland asking them for their proposed rate structure and telling them that this committee can make very little progress until the rate structure has been received and considered.

**FRANCHISE AGREEMENT**  
This is being given active consideration but you will realize that in view of the additional information from the PUC there may be a slight delay in preparing a draft for a committee meeting.

I understand that the City of Kamloops has requested and received a survey for a natural gas distribution system for the City of Kamloops and North Kamloops. This survey was made by Northwest Utilities Limited which has served the City and district of Edmonton for many years. I am wondering whether Inland really has an exclusive franchise to serve the Interior cities provided the cities do not install and operate their own system. In this connection reverting to information received from the PUC no Certificate of Public Convenience and Necessity has been granted to Inland and therefore Inland does not legally exist in the eyes of the commission.

If you wish for copies of any of this correspondence I would be glad to supply you with them. Suggestions: As I am not too familiar with this subject I would be very glad to have any suggestions from the members of the committee.

Dacron-and-cotton by the yard is on its way. Absorbent and iron-proof for the home sewers and their patterns.

### The MATURE PARENT

#### This "Spoiled Child" Really Has Message For His Mother

By MRS. MURIEL LAWRENCE

Ted's grandmother says that the way her daughter is "spoiling" him is causing friction in the family.

The other day, for example, he ran off with a cousin's water pistol. His mother spent 20 minutes in futile pleading with him to return it. Then his aunt took action. She hit Ted, snatched the toy — and then attacked her sister-in-law as "weak and spineless."

Ted's grandmother writes, "My daughter is afraid of this boy. I don't understand it as I never had disobedience from my children. They did what they were told. They were good children."

Perhaps this daughter who was such a good, obedient child dares not oppose her son lest she appear "bad" in his eyes.

Does this idea seem absurd? It isn't. Many of us fear to oppose children lest we lose "goodness" in their eyes. Though we are not conscious of it, we are still working out the effects of childhood training that established us as "good" when we surrendered our wishes and condemned us as "bad" when we defended them.

So it might be profitable for Ted's mother to try to remember what actually went on in her mind as a little girl under punishment for "badness."

I suspect that it was a very painful experience that induced great fear of future isolation and abandonment. I have the idea that this fear is her fear of opposing Ted, and that she dares not take any firm action toward him lest it produce the old painful condemnation of her as a "bad" girl.

This is not an unusual problem for a parent who has been subjected to severe and unfeeling controls as a child. We all want our child to regard us as "good." If we have been trained to believe that compliance to others' wishes is "good" and any opposition to them is "bad" the compliance is all we can give our child until we are ready to examine ourselves — and stop using him as the butt of our fears.

Ted is a good friend to his mother — perhaps her first real one. He does not like her compliance. By his "spoiled" behavior, he is refusing to encourage it.

In his own way, he is saying to her, "Mother, you are no longer a little girl to live on your parents' definitions of goodness and badness." For both our sakes, start making your own. Take this

water pistol episode, for example. Was it "goodness" in you to subject me to hate today because you dared not take a toy from me?"

Ted, the good child, is going to force his mother to get rid of her ghosts.

### The Recipe Corner

#### APPLE PANCAKES

Looking for bright ideas to vary the family fare? Apple pancakes are just the thing to brighten winter menus. They're perfect to serve any time — subtly flavored with apple and full of goodness. This treat for the whole family can be prepared in record time. They're delicious for breakfast served with sausage patties and maple syrup. In fact Apple Pancakes are a treat any time of the day and are made of ingredients you always have on hand.

**Apple Pancakes**  
2 cups thinly sliced apples  
1 tablespoon butter  
1 tablespoon lemon juice  
1 cup all-purpose flour  
2 teaspoons baking powder  
1 tablespoon sugar  
½ teaspoon salt  
1 cup milk  
2 eggs  
2 tablespoons melted butter

1. Heat together the butter and lemon juice. Add the thinly sliced apples. Stir together. Cover the pan and let simmer over low heat for 5 minutes.

2. Sift together the flour, baking powder, sugar and salt.

3. Stir together the milk, eggs and melted butter. Add the hot apples and stir.

4. Pour the milk mixture over the flour. Stir until well blended. Bake like any ordinary pancake. If the pancake is too thick to suit one's taste, add a few tablespoons of water, one at a time, to the batter until you have the type of pancake you desire. Serve with hot-molasses or maple syrup.

Over-coddling is not always good for the aged person, who might prefer to make some of his own decisions. Small responsibilities around the home often prevent the aged from feeling start making your own. Take this

### LICENSE FEE DELINQUENTS FACE CHARGES

Too long a delay in paying trades license fees may result in prosecution. Problem of laggards who owe the fee was discussed at City Council meeting, on Monday, and although council agreed generally that nothing much can be done about it at this time of year, prosecutions will ensue if the delay is too

lengthy. City Treasurer H. W. Cooper said that the cash received from this source is not so important in January but that in July when funds are rapidly absorbed with no offset from tax receipts the lag often means a considerable sum of money must be borrowed, and interest charges result in a drain on the city that should not have to be met. Council left the matter in Mr. Cooper's hands for action "when it is deemed proper."

Children's eyes often require such aids as glasses or treatment if the youngsters are to have good vision. Impaired eyesight often causes a child to appear backward at school.

### THE ANNUAL MEETING

of the

### Penticton Hospital Society

will be held in the

Anglican Parish Hall

on

**Tuesday, February 8th, 1955**

at 8:00 p.m.

The following resolution will be brought forward to amend the By-laws of the Society:

Article 1 — Section 3 — Line 14 — delete "a" and word "member" to read "members."

Article 1 — Section 3 — Line 15 — insert word "each" after one dollar.

Article 1 — Section 4 — Line 16 — change word "members" to read "a member."

Article IV — Section 2 — Line 20 — change word "two" (2) to read "three" (3).

Article X — Section 2 — Medical Staff — change concluding sentence to read:

"All appointments, renewal of appointment, and cancellation of appointment, to the Medical Staff, shall be made by the Board of Directors; provided, however, that the Board of Directors shall make no appointment, or renewal of appointment, or cancellations of appointment, without first referring the matter of such appointment, renewal of appointment, or cancellation of appointment, to the Medical Staff."

# ... OF CABBAGES And KINGS

by Vince Duggan

## EARLY TIMES

One of the original streets in Princeton is narrow by present-day standards and behind it lies an interesting story dating back to the 1880's. I got the facts second hand from circulation manager, Stan Taylor, who in turn was told the tale by Mrs. Frompton, first white girl born at Hedley and proprietor of Mum's Confectionery in that mining community. She has a picture of Princeton when it consisted of a barn, house, a little clearing, and a bush — lots of it. Mrs. Frompton's father was making his way through the tiny community when he spied a man driving stakes. "What are those for?" inquired Mr. Frompton. "Well," came the philosophical answer, "two rivers converge here and there's going to be a town someday, so I'm building a road." An argument ensued over width of the trail being planned, and it was decided to widen it somewhat in case two wagons wanted to meet. After that was accomplished the thought struck as to what would happen if two hay-loaded wagons met, so more width was added.

the plight of Mr. and Mrs. R. A. Barton and Allan Surtees whose misfortune it was to have their car stolen while holidaying south of the Rio Grande. They had "complete" coverage and wired back here only to learn that our insurance is valueless in Mexico. It is my understanding that there is a special type insurance available for tourists to Mexico but it contains certain clauses regarding one type on entry into the country, a further insurance for the first 100 miles travelled, etc. It appears that our insurance is good only in Canada, the United States and aboard ship at any points in the aforementioned countries.

## POOR HOSPITALITY

Also in the tough luck category was the experience of two Pentictonites, William Schmunk and Walter Kistiuk, who took a trip to California. They headed out for Mexico on January 2 and after visiting Mr. Schmunk's brother in Portland took the coast route to San Francisco. In Sacramento they locked their car containing \$850 worth of articles they had bought in the States and went to supper. On their return, the lock had been forced and the whole kaboodle was gone. So instead of Mexico they came back home.

## DOLLARS AND SENSE

A lesson in international currency exchange was given recently by two boys who with their parents emigrated last year from Holland. The brothers are Leo and Marty Dekkers. And while they lived in Holland, Leo received \$2 from a relative in Canada which he cashed and obtained \$8 in Dutch currency. After coming to Penticton, Marty sent \$1 for his birthday from a relative in Holland. And when he cashed it he received 25 cents.

## Oil Company Seeks Water Line For New Service Station

Request of the B.A. Oil Co. for a domestic water line to their new \$25,000 service station at the junction of Eekhardt and Westminster avenues, just east of the bridge, was referred by council to its domestic water committee which group will finalize the details.

It was disclosed that the near line is 1,000 feet east of the planned station. Therefore the oil company, under city policy must assume all, or part of the cost of the extension, depending on whether the levy is to be shared, together with the service, with other users.

## COURT OF REVISION

The annual Irrigation Court of Revision has been set for April 12, at 10 a.m. Request for setting this date was received from city assessor S. H. Cornock.

**LAST REMNANTS OF AN OLD PENTICTON LANDMARK** crash to the ground with a splintering roar in a cloud of long gathered dust. Kenyon and Company workmen pulled down the last remaining wall of the CPR icehouse, a 450 foot building located in the railyard, Thursday afternoon as foreman Bill Benoit gave the signal for the winch truck to take in cable. The original section, built in 1918, had a number of additions through the years, the last constructed in 1944. The railway now makes and stores ice at their new plant south of the yards at the rate of 100 tons per day when required. Ice was formerly brought in here and stored from a small community just outside Calgary.

## Disposal Of Books From Old "Local" Library Discussed

The ghost of the old "Local" library in Penticton, marched across the council table on Monday night when Alderman Elsie MacCleave asked council's advice concerning some boxes of books that the Okanagan Union Library wishes Penticton to find storage space for.

The books in question, Mrs. MacCleave told council, are old volumes which once formed a part of the "Penticton Library", which was operated by a private group on a subscription-plus-civic grant basis. Alderman MacCleave said she had suggested that the books might be turned over to the Newhope Benevolent Society, as they would be excellent reading for the senior citizens, but retaining members of the library board of the old organization had not been in agreement with this.

Alderman E. A. Titchmarsh, reviewing the history of Penticton's old library, said that it had been a highly worthwhile institution, with one of the most up-to-

date collection of books on its shelves, but that the city had been forced to join the Okanagan Union Library when the original No. 15 School District, then including Summerland, had been created out of the Cameron, re-ported findings. At that time, said Alderman Titchmarsh, a part of the eventual agreement had been that, should the city ever wish to re-establish its own local library, an equity in books, similar to that taken over by the Union, would be provided.

Alderman Titchmarsh expressed the view that the present volumes now being passed back to the city, although forming part of that old library, could not, justifiably, be considered a proper equity, and that this should be brought to the attention of the union library board.

## Possible Use Of Old City Yard As Trailer Camp Site Discussed

### Elect Officers Keremeos Rod And Gun Club

KEREMEOS — There was an excellent turnout at the annual general meeting of the Keremeos-Cawston Rod and Gun Club. Election of officers followed a brief business meeting, resulting in the following slate of officers for the current year: President, Bob Parsons; vice-president, Bert Webb; secretary-treasurer, Donald Fry; executive, Herb Clark, W. Newstrom and W. Corkle.

Guest speaker was G. E. Stringer, division fishery biologist, who spoke on fish life in the Okanagan and the work that has been done and is being done by way of cleaning and restocking rivers and barren lakes.

Mr. Stringer promised to do his utmost to have unstocked lakes in the Ashnola stocked with fish this year. Mr. Stringer also showed slides of enlarged fish scales and described their early growth.

Diabetes, if untreated, may cause blindness as well as other disabilities. Early diagnosis and prompt treatment will usually arrest the disease and keep it under control.

## School Board Will Revise Bus Routes

OLIVER — The Board of School Trustees of School District No. 14 (Southern Okanagan) has received a request for information concerning its school bus system from the department of education.

The board is required to prepare a map of each bus route. This map is to show the bus stops, number of pupils loading, or unloading at the bus stop, the number of miles the stop is from the school, and other less pertinent information. The board is also required to provide schedules which will show the number of pupils being transported who are within walking distance as established for grant purposes by the department of education. These walking distances are two and one half miles for Primary pupils and three miles for all other pupils.

The trustees of School District No. 14 did not agree with the walking distances as laid out by the department of education for grant purposes and has therefore instructed the transportation committee to adjust the present routes to enforce the policy of the board, which is that all pupils who live within one and one half mile radius of the school, to which they attend, are expected to walk.

SUMMERLAND — Mrs. A. D. Gately, custodian of the West Summerland branch of the Okanagan Regional Library, has announced in her year end report, a circulation of 19,850 during 1954, which is an increase of 6,684 books over the 1953 figure of 13,166.

The first pack of English foxhounds was imported to Canada early in the 19th century.

# Bulges Can Be Smoothed Out

Along about the shank of winter, career girls begin to feel so fatigued they imagine that it's only their posture chairs that are holding them together. Fortunately ones go skiing for a week-end to restore the feeling of well-being. But even stay-at-homes

can get their bodies into harmony with a few exercises. Stomach reduction is accomplished with a legs-over-head exercise (left). Duck-walk (centre) slims the torso. Waistline and hips are whittled (right) with good stretching to left and then to right.

By ALICIA HART

Now we all begin to long for spring. Christmas is past, says the tired spirit, why must we have winter any longer?

Skins grow dry, tempers short. We put on weight because after all, where is there to go but the refrigerator during a long winter evening at home? We feel tired but we don't sleep restfully for there is no physical weariness, only a sort of muscle boredom.

Those who are lucky enough

to get a midwinter's ski week-end know how much this peps up a body that's sick of a sedentary career. But even those career gals who can't go a ski outing can improve matters.

Fun-to-do exercises are the recipe. Here's one for the stomach that's launching a suggestion of a pot. Lie flat on the floor on your back. With a piece of clothesline or a flexible elastic line made just for the purpose

stretched between your feet, raise your feet and legs over your head. Clasp the line in your hands to be sure your feet are over far enough. Down. And repeat.

Here's one for the whole body, but especially for those hips that are reacting unhappily to sitting down work. Squat on the floor, legs directly under you. Raise hands high over head, holding line between them to keep them

up. Walk the length of the floor by shifting from side to side. Back again. Don't overdo, but increase the number of times you do it each day.

For the waistline and hips, sit upright on the floor, rope stretched between your hands. Bend far to the right and bring the right hand down to the foot. Then reverse and do it from the left.

Keep up these exercises for a few days and see if they don't help banish the long winter doldrums.

## Keremeos Notes

KEREMEOS — There were 48 present at the monthly meeting of the South Similkameen Parent-Teachers' Association held here recently of which some 15 were guests from Hedley. There was a short business meeting at which F. C. McCague, principal of Similkameen High School, introduced members of the high school staff. Rev. L. L. Scheutze gave a most interesting address on his work among the Indian population on the west coast. A social evening followed at the close of which refreshments were served with members of the executive as hostesses.

Two "perfect" cribbage hands were dealt to two enthusiasts of the game within a few days of each other here recently: Mrs. G. Lawlor and Jack Peach had this unusual experience while playing crib in their respective homes.

At a joint ceremony held here recently, the officers-elect of Branch 192, Canadian Legion and the Auxiliary thereto, were installed with Graham Kincaid, Zone Commander of Penticton and Mrs. K. Andersen of Copper Mountain, sixth vice-president, Provincial Command of the Ladies' Auxiliary respectively, acting as installing officers. Officers for the current year of Branch 192 are: president, Jack Peach; 1st vice-president, J. L. Innis; 2nd vice-president, Ramsay MacDonald; executive, G. A. Scott, K. MacKenzie, A. Reimche; secretary, J. Sharpe and sergeant-at-arms, H. Brown. Officers of the Ladies' Auxiliary for 1955 are:

president, Mrs. F. Liddicoat; 2nd vice-president, Mrs. M. Carleton; executive, Mrs. E. Hall, Mrs. E. Milloy, Mrs. K. Scott and Mrs. E. Stewart; treasurer, Mrs. G. Lawlor; secretary, Mrs. M. East; standard bearer, Mrs. F. Peck; sergeant-at-arms, Mrs. A. Egli.

There was an excellent attendance at the postponed monthly meeting of the Ladies' Auxiliary to Branch 192, Canadian Legion, when Mrs. K. Andersen, sixth vice-president, Provincial Command and Mrs. B. Kincaid, past provincial president, of Penticton, were guests. Business of the evening consisted of accepting of various reports including that of the retiring treasurer, Mrs. J. Peach, who reported expenditures of \$495.33 and \$137.08 from general and welfare accounts respectively with balances in these accounts as of December 31, 1954, of \$110.20 and \$115.91. A gift of \$75 was made to the Branch, same to be earmarked for the mortgage fund. Mrs. Grace Lawlor was unanimously elected treasurer to succeed Mrs. Peach, who refused nomination because of personal reasons. At the close of the short meeting, members journeyed to attend the joint installation of officers-elect of the Branch and the Auxiliary thereof, following which Mrs. F. E. Tessman, retiring president of the latter, was presented with the past president's pin by Mrs. Andersen and a corsage by Mrs. Liddicoat, both on behalf of the members of the Auxiliary. Refreshments were served by members of the Auxiliary.

In a score of 49 to 25, the visiting Nelson Notre Dame Pups defeated the Similkameen Sparks in basketball played here last Saturday afternoon. In the first half the Sparks were outstanding in defensive play. Pups held the lead through superior back board work; the visitors employed zone defence tactics which did not particularly prove effective. In the second half, Notre Dame began to hit the target paced by Paddy Bell who bucketed 12 points in the second stanza. Superior height of touring Nelson club proved overwhelming, Clark's unerring snapshots from corners tallied 10 points for the Sparks; outstanding for Notre Dame was Paddy Bell, who dumped 16 points into the hoops. This was the second game and first victory for the Nelson team.

Mr. and Mrs. John Hudson of Oliver are visitors in town.

Mrs. Annie Tanton of Fruitvale is a visitor at the home of her son-in-law and daughter, Mr. and Mrs. W. Heinrich, and their family.

The following localities attended the annual Burn's Night Supper successfully sponsored by the Order of the Eastern Star, Lodge No. 78, on Wednesday evening of last week: Mr. and Mrs. J. L. Innis, Mr. and Mrs. M. Kirkpatrick, Mr. and Mrs. F. Kickbush, Mr. and Mrs. L. Neal, Mr. and Mrs. J. McKay, Mr. and Mrs. R. C. Clarke and Mr. and Mrs. Cooper.

J. C. Clarke, Keremeos and Cawston orchardist, will join the ever growing group of Penticton and district citizens who are going to Europe to see the Penticton Vets compete for the world hockey crown.

KEREMEOS — Patients at the Dunsinuir Rest Home here enjoyed an entertaining evening here recently when Mr. and Mrs. Ray Walters visited them and showed interesting moving pictures of the holiday trip of Mr. and Mrs. Walters to the southern States last summer.

Three members of the Keremeos Brownie Pack entertained at tea at the home of Brown Owl, Mrs. A. Sladen on Friday afternoon. These were Myrna Barker, Freida Andersen and Sandra Ramsay. Guests were Mrs. W. Corbie and Mrs. J. H. East, president of the local association to Girl Guides and Brownies.

The Ladies of the Order of the Royal Purple, Lodge 88, entertained members of the BPO Elks here on Thursday evening in celebration of the tenth birthday of the Lodge. Mrs. M. McCague, Mrs. M. Barker, Mrs. E. Yung, Mrs. M. Innis, Mrs. J. Innis, Mrs. R. Minshull, Mrs. V. Manory and Mrs. B. Morley took part in an entertaining and amusing skit and delicious refreshments were served, which included a decorated birthday cake with candles, were served.

The annual congregational meeting of Keremeos United Church held recently to receive reports of the various organizations functioning in the church was well attended. Reports, which included those of the Women's Association, the Katie Clarke Auxiliary, the Sunday School, the CGIT, showed healthy growth and great activity during the past year with a most encouraging financial condition in all branches of the church's work.

The "fourth form room" at historic Harrow School in England dates from 1608.

## Perfect Looks Mean Poise

By ALICIA HART

Nervous days of interviewing are upon us. On the day it's shushiest or raining hardest, there's sure to be a most important school or job interview slated.

It seems as though these dismal days were selected for the interview season just to test your mettle. Do you really want that job enough to get rained on? Are you really eager enough about this college to have your hair fall on the way?

As far as they're concerned, the answer ought to be yes. Even if it's your second choice job or school, every interview you get makes you more at ease and is therefore important. Besides, you just might need that second choice very badly.

One shouldn't need to be told how important your appearance is at this time. According to the director of the National Institute for Career Consultants, four out of ten career girls lose out on jobs because of their appearance.

Later, preparation for a cool, poised interview will be discussed, but right now, get ready for the first interview by concentrating on your looks. Airtight grooming will aid you in keeping your calm and help keep your morale high.

Be conservative. The first interview of this life-and-death sort is generally as nerve-ringing as the midnight horror show. But you can cut down on this by being sure the most moss-covered interviewer can find no fault in your looks.

The dress you know looks right is the correct choice. If you aren't much on hats, spend a dollar on a beret to cover your head. You may never wear one again, but do it this once. Gloves, yes, and absolutely clean. Shoes, medium or flat heels, but not loafers. Conservative, well-maintained handbag.

Well-cleaned coat, minus bits of things on the collar and shoulders. Tuck a clean handkerchief in the coat pocket and one in the handbag, for nothing is more miserable than fumbling for a handkerchief while trying to maintain an interested, unrabble-like face.

## Sheila Meredith Wells

Christening Principal

SUMMERLAND — The baby daughter of Mr. and Mrs. Melvin P. Wells was christened on Wednesday afternoon at four o'clock in St. Stephen's Anglican Church by the rector, Rev. A. A. Northrup, in the presence of relatives and friends. The little girl was given the names, Sheila Meredith, and her godparents are Mr. and Mrs. A. Perrault and Miss Beverly Fleming.

Mr. Wells, who has been on the staff of the Kamloops Sentinel, left Thursday with Mrs. Wells, Michael and Sheila, for Prince Rupert, where he has joined the staff of the Prince Rupert Daily News.

If you're a literal white collar girl — lots of fancy collars and cuffs for sweaters and blouses — try this. Smooth them right side down, after their washing and rinsing, onto the rim of the bathtub. Press hard. See if you can escape ironing.

## The Recipe Corner

### BANANA BRAN BREAD

1/2 cup butter  
1/2 cup sugar  
1 egg  
1 cup bran  
1 1/2 cups mashed bananas (about 4 ripe bananas)  
2 tablespoons water  
1 teaspoon vanilla  
1/4 cup chopped walnuts  
1 1/4 cups sifted all-purpose flour  
2 teaspoons baking powder  
1/2 teaspoon soda  
1/2 teaspoon salt

### Method:

Cream butter and sugar until well blended. Add egg and beat well. Stir in bran. Combine bananas, water and vanilla, then add to butter-sugar mixture with walnuts. Sift flour, baking powder, soda and salt together.

Add dry ingredients to banana mixture, and stir only until blended.

Pour into buttered loaf pan, 9 1/2 x 5 1/2.

Bake in a moderate oven (350) for about 50 minutes. Cool before slicing.

### LIME-PINEAPPLE AMBROSIA

1 lime jelly powder  
1 cup boiling water  
1/2 cup cold water  
1/2 cup canned pineapple pieces, or crushed.

1 cup whipped milk powder, topping, whole or skim.

### Method:

Dissolve jelly powder in boiling water. Stir in cold water and chill until slightly thickened.

Beat jelly and fold in drained pineapple and whipped milk powder topping.

Pour into a large mold, first rinsed out with cold water. Chill until firm.

Unmold and serve on a platter.

## Sports Retorts

BY JOHN YEOMANS

That game Friday between the Vees and Kelowna Packers may be close to a week old by now, but there were features about that tilt that bear rehashing, as they give rise to interesting speculations.

For the first time we saw what can truly be termed European style hockey displayed — by the Vees, that is. Kelowna played their usual brand of hockey, which is fairly clean anyhow, and the net result was puckchasing of a completely different appearance.

For one thing, the Vees lost none of their potency by putting a stop to all rough stuff outside their own end of the ice (and cutting it down considerably in their end). Also, in one man's opinion it was real crowd-pleasing stuff, full of flash, sparkling passing plays and a pattern of teamwork that was a treat to the eye.

If the Russians and the Czechs and the Swedes — yes and the Americans — can stand up to the type of play the Vees used Friday night, then maybe it would be a good idea if we reverted to aid from the NHL... 100 percent-type aid. Man, those Vees were really flying.

Makes one wonder why all our hockey can't be like that — all the time. The answer to that one is that it can't be like that all the time, because of the peculiar conditions of indoor hockey, the speed involved, the constricted space, the tension, the unlimited substitution; hundreds of reasons, most of them psychological.

Hockey will always be a rough sport, just as football and lacrosse are. If referees in Canada blew their whistles as often and for the same causes, as they do in Europe, the game would completely change in character... and people only go to see what they want to see. We in Canada certainly don't pay to see a bloody brawl, but do go to see a rousing, fairly rugged type of game — let's face it.

It is doubtful whether the Montreal Forum would pack in 14,000 fans per game, week after week, season after season, if Ken Mosdell got a penalty every time he raised his stick above his shoulder — even accidentally.

To get back to that Friday game... The boys were playing a la European, true, but they are still the Penticton Vees, who can dish it out as hot as the next team if they want to. And we very much doubt that they could wallop the Kelowna Packers 7-3 if they didn't have imbedded in them good old Canadian hustle — if they hadn't had experience of the other kind of hockey, the beef swing type.

In other words, one man's opinion says that we should keep Canadian hockey as Canadian as Maple Leafs and Red Coats, but at the same time keep a really watchful eye for truly dirty stuff, the stuff that hurts.

Give me Canadian hockey any time, but let's not forget that the Europeans may have a couple of crowd-pleasing tricks that might also work over here. One that instantly comes to mind is the rule about no bodychecking outside your own end. This we could go for.

**KNICKKNACKS** — We don't like to count our goals before they are scored, but we have a strong suspicion that the Okanagan will dish up another Allan Cup contender this season. The Vees, naturally enough, are the team to watch these days, with World Championships and all. But... we like those Vernon Canadians. They're finally beginning to work together like a unit — rather than like a lot of captains all trying to steer the boat. We're going to creep out on that limb again and predict that the Vernonites will go far, IF they keep playing like a team rather than like a lot of square pegs in a round hole.

Was out to see the Intermediate Combines tussle with the Kelowna gang here last night. What's happened to our Coy Cup contenders? Two or three weeks ago they looked strong enough to give rise to dreams of new Penticton hockey glory. Now they look ragged and dispirited. Penticton and Kelowna were in a different class in their last meeting here, when the latter got their ears pinned back; but last night it was the Combines who got pinned.

## Penticton Herald Sports

### Combines Bow To Kelowna 5-3 In Ragged OMIHL Tilt

Penticton Combines lost their fifth straight Okanagan Mainline Intermediate Hockey League game at the Memorial arena last night, when they outfumbled the visiting Kelowna club to end up on the short end of a 5-3 score. This was their second loss in a row to a club that they completely outclassed earlier in the season.

The game was ragged most of the time, with occasional flashes of brilliance coming from both teams. A distinct standout from beginning to end was Kelowna's Wolf, who not only collected a well deserved hat-trick and two assists but played terrific two-way hockey all the time he was on the ice.

Taylor was a standout for the locals, also playing fine two-way hockey. He picked up a couple of playmaking points for his pains.

The Combines actually had more scoring opportunities than their opponents, but bad luck in front of the Kelowna goal made them dispirited, and quick attacking thrusts by Kelowna forwards were sufficient to win the game for the Orchard City crew.

An unusual double incident occurred late in the final session, with but 15 seconds left on the clock. Kelowna were in a scoring position and looked very dangerous as they threatened time and again to break the 3-3 deadlock. Suddenly a second puck was thrown out on the ice from the general vicinity of the Penticton players' box, just as a Kelowna player was about to shoot on goal.

The referee called the play and a penalty shot was awarded the visitors, though heated argument over the incident threatened to turn the game into a farce. Penticton goalie Don Moog blocked the shot on his pads and the game went into overtime.

Other Kelowna scorers were Kuly and Ritchie. Getz, Holawaty and Wyatt tallied for the Combines. Penticton held a 2-1 lead going into the final session, after a scoreless opener.

**First Period** — No scoring. Penalty: Ritchie.  
**Second Period** — 1, Penticton, Getz (Taylor) 6:50; 2, Kelowna, Kuly (White, Wolf) 14:35; 3, Penticton, Holawaty (Taylor, John) 15:45. Penalties — Bert, Ritchie (2), Holawaty.  
**Third Period** — 4, Kelowna, Ritchie (Wolf) 5:28; 5, Penticton, Wyatt (unass.) 10:22; 6, Kelowna, Wolf (White) 14:05. Penalties — Kuly, Feist, penalty shot against Penticton.  
**Overtime** — 7, Kelowna, Wolf (White) 5:55; 8, Kelowna, Wolf (Schaefer) 3:25. Penalties — Schaefer, Wolf.

### Bill Warwick Strengthens OSAHL Scoring Lead; Grant Rising Fast

Brothers Bill and Grant Warwick of the Vees and Brian Roche of the Vernon Canadians, set the hottest scoring paces in the league last week, collecting five points apiece since the last official release of the OSAHL statistics.

Bill Warwick's five points did no more than consolidate his position way up on top of the individual scoring ladder. But Grant Warwick's and Roche's scoring outbursts had more spectacular results. The Vees' coach hopped from twelfth to ninth in the standings, while Roche reached 11th spot in a rush all the way from 18th.

Kamloops' Slater continued his rapid rise in the standings. Two weeks ago the Elks' sharpshooter was well out on the Top Dozen. This week he garnered another four points to jump from eighth to sixth position.

Only newcomers to the magic circle of the "12" were Vernon's Roche and Lowe, who knocked team-mate Schmidt and Kelowna's Durban into the lower brackets.

INDIVIDUAL SCORING AND PENALTY RECORDS					
NAME	TEAM	GP	G	A	Pts PIM

### Penticton Included In Plans Of "Border Horse-Racing Association"

REPUBLIC, WASH. — New life to horse racing in Northern Washington and Southern BC is promised with the organization of the Border Horse-Racing Association.

"Let's just call it the 'Border Circuit' for short," was the suggestion of "M" Beamer, of Omak, widely known and enthusiastic horse owner and race fan.

Two meetings of the group have been held, the latest in Republic on January 14. Sam Cassel of Republic is president. Pearl Beamer of Omak is vice-president. June O'Connor, Kettle Falls, is secretary and Bonnie Buckner, of Curlew, treasurer. Next meeting will be held at the Boots and Saddles Club in Okanogan, the date to be announced.

The Border Circuit plans to carry on race meets throughout of season in such towns as Deer Park, Chewelah, Curlew, Republic, Wilbur, Okanogan, Brewster, Penticton, Twisp. Other communities with facilities are invited to participate.

A membership fee in the association was fixed at five dollars per year. The association will handle races, establish and enforce rules, and pay purses. Methods will be established to keep horses fairly matched which, it is believed, will insure better races. Jockeys will wear colors and in general the shows should be pleasing to witness.

Prominent horse owners and community leaders from all parts of North Central Washington and Southern British Columbia are participating.

Bill Warwick, best known for his goal-scoring ability, is also right up there in the assist department. Only three OSAHL players have more assists than he, team-mate Jack MacDonald (38), Agar of Vernon (32) and Booth of Kelowna (32). Bill has 28 assists to date.

Twenty of the Vees' 26 victories this season have been achieved on home ice. The Allan Cup champions have only lost three home fixtures.

### Princeton Ball Club Out; OMBL Now Six-Team Loop

The Okanagan-Mainline Baseball League is now a six-team loop. At the annual league meeting at Kelowna last Sunday it was agreed that Princeton would be suspended from the OMBL for at least a year, or until such time as the inadequate Princeton ball park is brought up to standard. This means that the OMBL, one of the top baseball leagues in the province, now comprises Kamloops, Vernon, Kelowna, Summerland, Penticton and Oliver.

Another very important agreement was reached by the league when it was decided that contracts in future must be signed by all players on every team before they can play for another team. Likewise, no player can leave one team and play for another without a signed release; and ten days must elapse before he can play for the new club.

The league meeting was well attended and considered a success. It was decided that the first baseball game will be held April 10, the second Sunday in April.

Two brand new features will be added this season. There will be an All-star game — probably held here in Penticton, the only centre with lights — some Sunday evening around the middle of the season. This game will pit the First against the Second All-star teams.

A second feature, one that has been discussed for some time, is an agreement to hold playoffs with the Interior Baseball League, the loop that operates directly north of the OMBL. This would decide the champions of the southern interior of B.C. The OMBL representative would be the league playoff champion.

The Kelowna meeting also voted in the league executive for 1955. Harry Maralla was returned as president, Rudy Kitch as vice-president, and Harry Francis as secretary. A financial report by the 1954 executive showed a favorable balance.

It was agreed that in future a good deal more support will be given to junior baseball in the Okanagan Mainline area. For one thing, this is the group out of which all the new OMBL blood must come. There is a strong possibility of a junior league being formed among present OMBL centres.

President Maralla reports that there were no protests lodged last year, but expressed the opinion that some clubs should strengthen their teams appreciably.

**GOALKEEPERS RECORDS**

	GP	GA	SO	AVG	PIM
--	----	----	----	-----	-----

I. McLelland, Penticton	46	151	1	3.28	0

B. Lalonde, Kelowna	41	150	1	3.98	10
---------------------	----	-----	---	------	----

"Go ahead — shoot," says goalie Greg Doddridge, seven, as Bill Morrison, seven, looks for an opening. Rod Cousins, 12, looks on from behind the net and Bill Stewart, art, rink builder, ice maker, referee, rink manager, all wrapped up in one, keeps a keen eye on the play. Nestled between two hills up Penticton avenue, the city's only open-air rink is probably the most popular winter play spot in town for youngsters.

### Pint-Size Outdoor Puck Rink Strictly For Kids

BY JOHN YEOMANS

IT DIDN'T TAKE PATTY STEWART, just 21 months, long to get the idea about playing hockey. Mrs. Stewart gives a helping hand to the unsteady skater and their dog tries to get in on the act with some playful antics.

JUST ONE-THIRD REGULATION SIZE the Stewart rink is still plenty big enough to give the small fry a good skate. As can be seen in this end view, the rink has low boards and a good end wall to keep the puck where it belongs. Tending goal is Rod Cousins, 12, and waiting for the passout from the corner is Bill Stewart's six year old son, Jimmy.

At this time of the OSAHL season last year the Penticton Vees were six points ahead of their present standing. The other three league teams held the same positions they do this season, but all had slightly fewer points, which indicates more balance of league strength this season.

After Feb. 10th THE ARENA

will be available on Friday nights for Skating Parties, Moccasin Dances, etc.

Private Bookings may be arranged by calling the Arena — Phone 4273

TAYLORS CYCLE AND REPAIR SHOP 455 Main St. Phone 8100

If you happen to be out along Penticton avenue some afternoon around 4 o'clock way up near the Duncan avenue subdivision, and you think you hear that electric fying sound of pucks and hockey sticks being slung around, there's no cause for running off to the nearest psychiatrist complaining Penticton-Vee-itis. Your ears won't be deceiving you.

There's one thing, though. These sounds come from a hockey rink, but be prepared for one-third the size of the one you Vees play on — And be prepared for a bunch of puckchasers ranging in age from 21 months around 12 years.

The rink in question is an outdoor one, and finds itself on property of W. J. "Bill" Stewart of 1450 Penticton Ave., who constructed the entire shebang with his own two hands and contributed nearly all the materials that went into the project.

Chances are that this rink hidden away in a tiny nook around a bend in the Penticton foothills, would have gone unnoticed for months had it not been for the fact that the Vees just recently had their pictures taken there when a Toronto Star photographer found he had to use an outdoor rink for his shots. Stewart's rink was the only outdoor one around, so the Vees, resplendent in green and white, traipsed up to have their pictures taken.

When we heard about it, down at the Herald, photographer Bob Morrison and I decided to pop up and see the place. We saw what we heard when we got there makes quite an unusual little story.

Stewart laid the first ice between Christmas and New Year Day, and it instantly proved a whopping success. Every day just after school closing time a dozen or so young fry come down for a spot of hockey — and no doubt are late for dinner by the time

A Mixed League Is Being Formed

Entries for teams and individual players are now being accepted at the Bowl-A-Mor Alleys.

Teams can be composed of 2 men and 3 women or 3 men and 2 women.

Deadline For Entries Is January 29th, 1955

## Commerk Bowling League Play Ends With Play-Offs Tonight, Thursday

Tonight and tomorrow sees the final action of the Penticton and District Bowling leagues, thus ending the current Commercial Bowling League play for the season. Scheduled to start at 8 o'clock tonight, half of the remaining twelve men's and women's teams will play off against each other. The balance of the teams will meet at the same time tomorrow.

Teams playing tonight are:

Ladies — Pronto, Pups, Inkies and Hudson's Bay; Men — Three Gables Hotel, CPR, and Lawn-bowlers. Teams playing tomorrow night are: Ladies — Cran-nas, Hasbeens and Turk's Pharmacy; Men — Hudson's Bay, Oliver Hotel and D & N Body Shop. This is a handicap, highest-points competition, and comes under the jurisdiction of the Penticton 5-pin Bowling Association. A dinner and dance will be held later in February for all league bowlers, at which cups will be donated and presentations made.

## Arena Schedule

January 26 — 4 to 6 p.m., figure skating, 6 to 7:30 p.m., senior hockey practice, 8 to 10 p.m., figure skating, 10 to 11 p.m., commercial hockey practice.

January 27 — 9 to 10 a.m., senior hockey practice, 10 to 11 a.m., peach buds hockey, 3 to 5:30 p.m., children's skating session, 6:15 to 7:30 p.m., senior hockey practice, 8 to 10 p.m., adults only skating session, 10 to 11 p.m., commercial hockey practice.

January 28 — 8 p.m., Kamloops Elks vs. Penticton Vees.

January 29 — 7 to 9 a.m., pre-bantam hockey games, 9:30 to 12 a.m., figure skating, 12 to 1 p.m., teens toddlers, 1:30 to 3:30 p.m., children's skating session, 4 to 7:30 p.m., minor hockey, 8 to 10 p.m., private skating party, Oliver.

January 30 — 10 to 1 p.m., industrial hockey games, 1:30 to 4 p.m., commercial hockey games, 4:30 to 8 p.m., figure skating, 8:30 to 10:30 p.m., Kinsmen's general skating.

January 31 — 10 to 11 a.m., Tiny tots, 4 to 5:30 p.m., minor hockey, 6 to 7:30 p.m., senior hockey practice, 8 to 11 p.m., minor hockey games.

February 1 — 8 p.m., Kelowna Packers vs. Penticton Vees.

February 2 — 10 to 11 a.m., Tiny tots, 11 to 12 a.m., industrial hockey.

## "Giveaways" At Up-Lake Hockey Games Stopped

KELOWNA — Kelowna Packers have been forced to discontinue their give-away contests at hockey games.

Word to this effect was received from the attorney general's department by the Kelowna Packer executive. It was stated a complaint had been lodged over the hockey club conducting raffles and an order was issued to have the contests discontinued.

The order came as a severe blow to the Booster Club which has been endeavoring to wipe out the deficit presently facing the hockey team.

The attorney general's department, it is understood, notified the Kamloops sub-division of the RCMP who in turn sent instructions to the local detachment. It is understood Kamloops and Vernon may also be affected. Penticton comes under the Chilliwack sub-division of RCMP and uses a different type of program.

**NETTED \$2500** — The Kelowna hockey club started holding give-away contests about three years ago. First year of operation, the club netted \$2500. This year, the net take has been averaging around \$75 per game.

"It comes as a blow especially when we're trying to operate in the black," remarked hockey club executive secretary Don Clarke. "Every penny helps these days, with attendance being down."

Attorney general's department did not disclose who lodged the complaint.

**VERNON** — Vernon and other B.C. hockey fans may have seen the last of the give-aways. Saturday night, for the first time in several seasons, there were no program prizes. The reason: orders from Attorney General Robert Bonner to stop all program draws in B.C. rinks under threat of prosecution.

Orders came via Kamloops sub-division headquarters of the RCMP. It is believed that the A-G's action was prompted by a complaint from private individuals in Kelowna. Vernon hockey officials noted a drop in program sales by about two-thirds Saturday night. The ban thus will probably mean a revenue drop of several hundred dollars to the club for the remainder of the season. There are four home games left.

## Canucks Strengthen Hold On 2nd Place In OSAHL; Whip Packers 5-4

VERNON — Vernon Canadians took another big stride towards nailing down second place in the OSAHL playoff picture here last night by shading a desperate crew of Kelowna Packers 5-4 in a see-saw battle.

The win was the fifth straight for the high-flying Canadians and boosted their lead to six points over third place Kamloops Elks while narrowing Penticton Vees' lead to seven points. All clubs have seven games left.

Little Art Davison batted in Johnny Harms' rebound at 8:13 of the finale to break the 4-4 deadlock in favor of the home team.

Packers could get nowhere in the first period against a smooth-working Vernon club and fell behind 3-0. The trend was reversed in the second as Canadians became complacent and Packers began clicking to ram in three goals in the first six minutes and skate off with a 3-3 tie at period end.

Johnny Harms gobbled up a bad pass by Don Culley to rap in his second goal at 2:13 of the third and put Canadians ahead but Bill Chalmers was right back less than a minute later to knot it again setting the stage for Davison's winner. Both Odie Lowe and Harms had been thwarted by Lalonde before Davy clicked.

Brian Roche and George Agar scored the others for Canadians while Ken Booth, Jim Middleton and Joe Kaiser were Packer marksmen in the second frame.

Canadians took five penalties. Packers four in a fairly clean but rugged game. Canadians outshot the visitors 33-28.

**SUMMARY** — First Period — 1. Vernon, Harms (Schmidt, King) 3-0; 2. Vernon, Roche (Agar) 4-3; 3. Vernon, Agar (Roche) 13-05.

Penalties — McLeod, 4. Kelowna, Booth (Kaiser, Chalmers) 2-07;

5. Kelowna, Middleton (Kirk, Durban) 8-08; 6. Kelowna, (Kaiser) 6-09.

Penalties — Schai (3) minors and misconduct; Agar, Wall.

Third period — 7. Vernon, Harms (unassisted) 2-13; 8. Kelowna, Chalmers (Durban, Culley) 3-11; 9. Vernon, Davison (Harms, Lowe) 8-13.

Penalties — King, Hanson, Lavell, McLeod.

For eighty years, Canada has had legislation to protect the public from unscrupulous or careless manufacturers of food, drink and drugs. Complaints concerning such products should be reported to the local food and drugs inspector.

Britain's largest inlet, Bristol channel, reaches inland for about 80 miles.

## PBA Girls Win Again; Clobber Sum'land 45-15

Penticton Basketball Association women won another game Monday night when they clobbered the Summerland High School girls 45-15 in a very one-sided cage tilt at the up-lake school gym. They therefore kept intact their virtually unblemished season record.

Only three Summerland girls scored any points at all, and the team as a whole only netted field goals.

Easily the top scorer of the game was PBA's Herbert with 25 points, and added further glory by not picking up a single personal foul all night. Team-mate Menu picked up 10 points, scoring for second place in the scoring.

The Penticton girls set up 15-5, 24-7 and 39-12 leads by quarters, then slowed down to a walk in the finale as they scored only six points to three for the host-crowd.

## Vees' Individual Scoring Figures

While Bill Warwick and Jack MacDonald are busy setting a sizzling pace atop the OSAHL scoring ladder, with Grant Warwick and Doug Kilburn also members of the Top Dozen scoring elite, several other Vees' players are right up there in the top half of the OSAHL scoring list.

Jack McIntyre is only two points out of the Top Dozen, while defencemen George McAvoy is only eight points behind him. McAvoy is currently having a battle royal with Kelowna's Bob Dawes for "highest scoring defenceman" honors. One point separates the two.

Following are the individual scoring statistics for the Vees up to all games last weekend.

	P	G	A	Pt.
B. Warwick	47	32	28	460
MacDonald	46	14	38	52
Kilburn	47	19	24	43
G. Warwick	32	16	26	42
McIntyre	47	14	24	38
McAvoy	47	6	25	31
D. Warwick	34	14	16	30
Fairburn	43	14	15	29
Bathgate	40	10	13	23
Kassian	35	16	6	22
Shabaga	43	11	12	21
Berry	41	8	13	21
Tarala	41	7	14	21
Conway	44	4	15	19
Rucks	38	4	8	12
Mascotto	20	0	1	1

## Record Book Says Vees Play Best Around November

Penticton Vees' longest winning streak this season occurred between November 23 and December 3 with five consecutive victories. Their longest unbeaten streak was six games between November 2 and 16, including four wins, a tie and another win.

The Vees have had four two-game losing streaks, but their longest winless stretch was four games, between December 4 and 11, when they lost one, tied one and then lost another pair.

The Allan Cup champions' best month by far was November, when they won 10, tied one and only lost two. Other months saw them play close to 50-50 hockey, winning roughly the same number as they lost — though in no month did they post an unfavorable balance.

Outside of November games, the Vees have won 16, lost 15 and tied three. So far this month they have won five and lost five.

## British American Oil To Supply City's Gas

British American Oil Co. was successful tenderer for the city's supply of gasoline during 1955. The purchase will amount to approximately 20,000 gallons in all. Bids varied between a high of 33.9 and 33.1, both figures including the ten cents a gallon tax. The latter was the low bid. One tender was improperly marked, and, in keeping with city policy, this will be returned to the sender, unconsidered. City Clerk H. G. Andrew pointed out that, in this instance, the omission was not so serious, as the head office of the firm had submitted a properly-marked tender, the improper one being from a local dealer.

A dry, overheated room is hard on respiratory passages and does not improve the complexion. Some form of humidifier should be set up in homes and offices so that the air may have the right amount of moisture for health.

**ITCH STOPPED IN A JIFFY** — Very first use of soothing, cooling Liquid D.D.D. Prescription positively relieves red itchy-rashes, eczema, rashes, scabification, chafing—other itchy troubles. Creams, ointments, lotions must satisfy or money back. Don't suffer. Ask your druggist for D.D.D. PRESCRIPTION.

## Pint Size

(Continued from Page Four)

they get home.

It's a regulation rink in every respect, except for size. You'll see the goals (constructed of two-by-fours and chicken wire), the blue-lines, the goal lines and the red line (painted donated by Clarke's building supplies). Hosed down with warm water at least once a day, the ice surface is about as good as you'd care to find anywhere.

"One of the beauties about this place," says Bill, who is understandably proud of his "hobby" as he calls it, "is that I get around a month more freezing weather up here than you do in the middle of the town. Because of the position of my place under the lee of the hill, where the heat of the sun doesn't get in much, I usually get around three weeks more freezing weather in the spring and almost the same amount more in the fall."

Bill picked up several of the Vees' old hockey sticks and pucks. If any of the latter need mending he does the work himself. And that's all the kids need. An ice surface, and items of basic hockey equipment and you've got a hockey game on your hands.

Believe it or not, Bill Stewart has even gone to the extent of putting in floodlights. Those lucky kids can come down after supper and play hockey until it gets quite dark — or until their folks come and chase them home.

"I'm trying to encourage more of the Bantam age hockey," says Bill, who doesn't think there's enough of it around these parts. He doesn't turn anybody away. Any youngster who wants to just brings his own skates and starts playing with the other boys.

"Whenever I can," says Bill Stewart, "I get out there and act as referee. I try to enforce all the rules, particularly that new Minor Hockey rule about no bodily contact."

He hopes to keep the rink going indefinitely, so long as enough interest is shown. Right now Bill is planning a larger rink adjacent to the present one, with dimensions about two-thirds of a full size rink. This innovation should be ready for next winter.

So if junior has nothing to do after school and he wants to grow up like Grant Warwick, take him out to Bill Stewart's place. He'll be welcome.

And about that range in ages from 21 months to 12 years — The minimum age of 21 months was mentioned because that's the age of the youngest young puck-chaser who turns out at Bill Stewart's rink. His name? Patty Stewart.

## Notre Dame Pups Down Sum'land For First Win

The Pups of Notre Dame College, Nelson, finally won a basketball game in their current Okanagan tour Monday, when they beat out Summerland High School 42-32 before a capacity crowd in the Summerland gym Monday in one of the hardest-fought games seen there for some time.

The Summerlanders were out-classed for three-quarters of the game but came back raging in the final quarter to outscore the visitors 13-4. Nelson's strongest quarter was the third, potting 19 points to seven for the lake-siders. The score was 19-12 at the half way mark, in favor of the visitors.

Gepe Gobberls, the Pups' high scoring centreman, showed well in this game as he has throughout his team's tour, but he was outpointed by hustling Al Davis of the hosting crew. Davis ended up top scorer for the night with 17 points. Gobberls was second with 14 and his team-mate Dougan third with an impressive 12.

The Nelsonites put on a fine display of ball-freezing in the dying minutes, keeping the Summerlanders off the scoring sheet for over two minutes just before the final whistle.

**ONE TENDER** — Only one tender was received by City Council for its supply of electric light bulbs. It was announced at Monday's session. The single bid received from Alan S. Bolla was turned over to the electric light committee for report.

## CITY OF PENTICTON TAXPAYERS

INVEST IN YOUR CITY  
PAY TAXES IN ADVANCE

By depositing any amount not exceeding an estimated total of your annual taxes you may earn interest at the rate of 4% per annum from date of payment to October 31, 1955, on the amount deposited.

If it is not possible to deposit sufficient to cover your total taxes, small monthly deposits on behalf of 1955 taxes are encouraged and most welcome. The interest allowance of 4% per annum will apply to all payments up to July 31, 1955, inclusive.

The monthly installment method will not only provide an investment earning but will allow you to liquidate your tax obligations over a period of time.

To those who are in arrears of taxes, we also urge monthly payments which will result in a saving to you by reducing carrying charges.

Earn By Paying Taxes In Advance

## PENTICTON DRAY & EXPRESS

bring you these reflections of the past in the days while they were busy "Growing with Penticton"

## FIRST GREAT NORTHERN TRAIN INTO KEREMEOS

... or at least so says the caption under the above old and faded post-card dated about 1909 . . . while no train nor even tracks can be seen it is apparent that the "crowd" on the station platform is patiently waiting for something. The sign on the back of the buggy says "Central Hotel Free Bus". The Great Northern Railway has only recently curtailed service up into Canada from the U.S. and although many citizens of today hardly know the rail line exists at all, it was certainly believed in earlier days that here indeed was the life-line of the Interior of our province.

TRANSPORTATION IS ALSO THE BUSINESS OF PENTICTON DRAY AND EXPRESS

and while the rail line pictured above is now fading into the colorful history of our B.C. Interior, the same is not true of Parnley's Penticton Dray and Express. This aggressive Penticton firm has grown with the community, showing the way in service to the community in quality fuels and swift transportation and trucking methods and equipment.

# Former Residents Of Province Spending Two Years In Ethiopia

From Ethiopia comes news of two former British Columbians, Mr. and Mrs. Robert William Graham, who are spending two years in Harar where Mr. Graham is director of music at the Teachers' Training College. Mrs. Graham, the former Alice Kathleen Currie, is the daughter of Mr. and Mrs. H. T. Currie of Kere-meos and a graduate of Royal Columbian Hospital, New Westminster.

Before going to Ethiopia Mr. and Mrs. Graham holidayed in England and Scotland and travelled on the continent. Eventually, they plan on residing in London where Mr. Graham will take further musical studies. At present he is training prospective choral and instrumental music teachers at the college in Ethiopia.

In letters to friends in Kere-meos and at the coast, Mr. and Mrs. Graham tell of their trip which started from Vancouver airport and after crossing the Atlantic touched down at Shannon Airport in Ireland.

After making the short hop to London they took in many sights

## NATURAL CYCLES

Fish, insects, birds and animals pass through cycles. In Canada's northland there are periods of scarcity followed by renewal of abundance. These affect all the small animals. The Arctic Fox, the most important fur-bearing animal in our Arctic, has a four-year cycle similar to that of the lemmings. The lemming can increase from scarcity to incredible numbers, and every fourth year there is an overflow supply. The lynx reaches a peak about every ten years at the same time as the snowshoe rabbit.

# Famous Trichologist Will Demonstrate How to Grow Thicker Hair and Guarantees It; Demonstration To Be Held Here

This new method of home treatment of saving and growing thicker hair will be demonstrated in Penticton, B.C., Sunday ONLY, Jan. 30. These Private Individual demonstrations will be held at the Prince Charles Hotel on Sunday ONLY Jan. 30, 12 noon to 9 p.m.

Hallfax, Jan. 10 — In an interview here today Wm. L. Keefe, internationally famous trichologist and Director of the Keefe Hair and Scalp Specialists said, "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so-called cure-all could correct all the disorders," he explained.

**GUARANTEED**

"The Keefe firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offer a guarantee," Keefe said.

Once a person avails himself of the Keefe treatment his skepticism immediately disappears. "To insure this, we offer this guarantee, 'If you are not completely satisfied with your hair progress at the end of 30 days, your money will be returned.'"

**HOPELESS CASES DISCOURAGED**

First the Trichologist is quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless the Keefe treatment can perform wonders. A complete, private examination is given by a Trichologist to determine the condition of his scalp and cause for his hair trouble.

**FREE EXAMINATION**

"This examination is very thorough and highly technical. It re-

# Okanagan Cariboo Trail Association Lay Plans To Promote Highway 97

KELOWNA — The executive of the Okanagan Cariboo Trail Association which met in Kelowna on Saturday laid plans for the promotion of Highway 97 for the coming year.

It approved of the plans for a new folder which will be issued in March. This folder is designed for the next year after which it is expected that a larger and more comprehensive one will be available.

Approval was also given to the arrangement of a tour of three magazine feature writers from California. The OCTA will arrange for three travel editors to make the trip from Weed, Cal., to Dawson Creek during the summer. The articles written as a result of the trip will appear in the widely-read Sunset Magazine, the Los Angeles Chronicle and other travel publications circulating widely in the west's greatest travel source, California.

Plans were also discussed for a folder embodying a new approach for a highway guide and how it can be financed. This, it is hoped, will be available in about two years' time. The general idea is acceptable but certain details have to be ironed out and a special committee has been instructed to present a report within two months.

The annual meeting will be held in Prince George on Friday and Saturday, September 2 and 3. It is expected that attendance will even surpass that at Bend last year. Plans are already underway to accommodate a large American delegation. Tentative plans call for this group to leave Wenatchee, travel to Kamloops where the night will be spent and on to Prince George the next day. Prince George Board of Trade is planning an extensive entertainment program.

The OCTA executive passed a resolution complimenting the manner in which they, led by the Kelowna Courier, have taken the Vancouver Sun to task for recent editorials which were detrimental to the interests of the travel business in the Interior. Newspapers from Yukon to Prince George pointed out that the basis of the coast newspaper's article was incorrect.

The executive also passed a resolution complimenting the Penticton Board of Trade for its broad-minded action in advocating to the department of public works that Highway 97 between Williams Lake and Prince George should be completed.

**Request For Crossovers On Westminster Avenue Referred To Victoria**

Application of A. F. Cumming for cross-overs on both Westminster avenue and Power street, brought out, at Monday's council meeting, that those on the highway would have to be referred to the provincial department of public works. It was further agreed that granting of the cross-overs on Power street does not necessarily mean the city has approved the service station that it is understood is planned for the corner location.

**diagnose and treat cancer?**

A: No. Special facilities are necessary for the accurate diagnosis and most effective treatment of certain forms of cancer.

Q: Why should cancer be diagnosed and treated early?

A: The sooner it is found the less likely it is to have spread to adjacent tissues or to other parts of the body. When spread has occurred treatment is more difficult and less effective.

# Charles Denike Heads Summerland First Aid Group

SUMMERLAND — Charlie Denike was elected president of the Summerland branch of the St. John Ambulance Association at a meeting held on Friday evening at the home of Mr. and Mrs. J. E. O'Mahony. Mrs. O'Mahony,

who has been president or vice-president for ten years, declined either of these offices but will be an executive member and was made honorary president. Gordon Beggs is vice-president and Miss Doreen Tait will act as secretary-treasurer. Executive members include Mrs. Lee Witherspoon, Mrs. N. H. Charlton, George Lewis, Walter Charles and Mrs. O'Mahony. J. E. O'Mahony is the auditor.

been active in Summerland and has trained many first-aiders and given a number of courses in commercial first-aid. At present two stretcher crews are in readiness to go where needed in case of any emergency as required under CD authority.

Milk in its raw state may carry the germs of undulant fever, paratyphoid or typhoid fevers or other serious diseases. Pasteurization is the only way of making milk safe to drink. This may be done without too much trouble at home if commercially pasteurized milk is not available.

The Rocky Mountain sheep has a brownish coat which turns blue-white in winter.

## Cawston Notes

Latest methods in extinguishing various types of fires, and artificial respiration, were the topics dealt with at the third lecture given by the Travelling Fire Unit at the Community Hall on January 16. The next lecture will be held on February 1 followed by two more on February 7 and 13.

A very enjoyable skating party, followed by a weiner roast, was held last Friday at the skating rink near the home of Mr. and Mrs. Dave Crowe, down by the river. Skaters are also making use of the new rink on the Cawston Bench.

Mrs. M. Whyte is a patient in Penticton Hospital, having treatment for her back.

Square dancing has been resumed at the Community Hall on Friday evenings with Herb Clark as instructor.

The Progress Club is busy with plans for the second annual Snowball Frolic which will be held in the Community Hall on February 2. Funds raised by this organization are used entirely for community betterment.

Ken Zuch has left for Prince

George where he will be employed for the winter, working for a lumber company.

Mrs. Sam Manery, who has been a patient in Vancouver General Hospital for some time, is expected home some time this week.

The delegation from the Keremeos-Cawston local to the BC FGA convention in Kelowna last week included J. F. Dawson and W. H. Jillett from Cawston. The three resolutions put forward by the Keremeos-Cawston local were all passed.

Mrs. W. Beecroft and Mrs. J. Sanderson were co-hostesses at a Women's Institute card party held at Mrs. Beecroft's home on January 21. Four tables of cribbage were enjoyed. Proceeds were earmarked for the Crippled Children's Hospital. First prize went to Mrs. Johnson; consolation to Mrs. Lambert.

A farewell party was held at the Community Hall on Saturday, January 22, for Miss Beverly Boulton who is leaving for Vancouver on January 28 to become a nurse in training at St. Paul's Hospital.

## NARAMATA LOCALS

Mr. and Mrs. Ernest Sammet returned home last week after spending the past six weeks visiting their son-in-law and daughter, Mr. and Mrs. E. Pezzolo, at San Jose, California. Together with their hosts they also travelled south to visit in Palm Springs and San Diego, California, and in Tijuana, Mexico.

Paul Aldersey, of the Royal Anchor Motel Tourist Resort, left on Tuesday for Duncan where he will spend the next two weeks.

Mrs. Frank Luxton and A. R. Hesford were delegates from the Naramata local to the three-day annual convention held in Penticton by the Federation of Fruit and Vegetable Workers' Union.

Mrs. Edith Languedoc has returned to Naramata after holidaying for the past six weeks with her sister in San Francisco.

Mrs. Gottfried Morche was elected president of the Naramata Players at the annual meeting of the club held at her home on Friday evening. Mrs. W. R. Oliver was chosen secretary, and a new member to the club, Mrs. G. P. Tinker, will assume the duties of the treasurer for the ensuing year. Mr. Morche will

be stage manager; Perry Darling, in charge of play reading, and Mrs. R. H. Walsh, as wardrobe mistress, will be assisted by Mrs. Kathleen Couton. Other new members welcomed with Mrs. Tinker were Mrs. Janet Lambly and Miss Muriel Simes. The next meeting of the Naramata Players will be held on February 16 at the home of Mrs. Tinker. An invitation is extended to all interested in the drama club to attend the forthcoming meeting.

Mr. and Mrs. R. J. Tinning and children have returned to Naramata after spending a month's holiday on a motor trip as far south as Texas.

Miss Shirley Wilson left on Saturday for Vancouver where she plans to take up residence.

Charles Luxton is a patient in the Penticton Hospital.

Mrs. Mabel Hill and daughters, Iris and Sharon, have returned to Naramata after spending the past several weeks visiting in Ontario.

Hans Feldt left on Monday for a holiday visit in Winnipeg.

Mrs. W. G. Clough has returned home from a holiday visit in Winnipeg.

## Discovers Home Skin Remedy

This clean stainless antiseptic known all over Canada as MOONE'S EMERALD OIL, brings sufferers prompt and effective relief from the itching distress of many skin troubles - Itching Eczema - Itching Scalp - Itching Throat and Test, etc. MOONE'S EMERALD OIL is pleasant to use and it is so antiseptic and penetrating that many old stubborn cases of long standing have yielded to its influence. MOONE'S EMERALD OIL is sold by druggists everywhere. A real discovery for thousands who have found blessed relief. Neve-Newton Pharmacy.

## PARKING SETBACK

Alderman Perley McPherson suggested to council, on Monday night, that the parking setback on Westminster avenue, west of two lanes, be extended from the present four feet to fifteen feet. The lanes in question are those between Main and Martin street, and Martin and Winnipeg street.

The industrial worker, who takes his worries to the job may be in danger of accidents since he cannot concentrate properly on his work. Talking troubles over with a trusted friend or employees' counsellor will often help to lighten worries.

## Nomination for Man of The Year

FOR helping to improve his own and other communities throughout the nation... for benefiting his fellow-citizens in countless ways... this man surely deserves special honour.

He's not a famous personality. But, as the typical Canadian life insurance policyholder, he represents millions of people. And each of these people renders very useful services to his community.

How?

By providing funds which his life insurance company invests for him in ways that help finance new homes, public works, utilities and industrial developments. Together with other policyholders, he puts more than 250 million dollars to work in such projects from coast to coast every year!

Moreover, he has taken steps to make sure that, if anything happens to him, his family will not need to depend on others for support.

So if you are a life insurance owner, take a how! While you're providing security for your family and yourself, you're also helping to make Canada a better land to live in!

## THE LIFE INSURANCE COMPANIES IN CANADA
